The Farmer-Banker Alliance

You go to your lawyer for legal advice; to the doctor for medical advice; why not to The Merchants Bank for financial advice?

If you want a loan to buy cattle, hogs or equipment—if you want information as to how to invest money—come to those who make a business of financial matters, and are in a position to give you sound and impartial advice.

W. H. THURSTON, EDITOR

The Henderson Well A Big Gas Producer

The Henderson oil well here is still producing large quantities of gas, a heavy flow of which was struck last October and has been continuous ever since. Drilling has been proceeding steadily all winter, but considerable difficulty has been encountered on account of shooting the well prematureiy last fall. This caused much trouble in getting through the material displaced by the explosion. Work is still continuing under the management of Joe Henderson, with Elmer Kersey as driller.

It seems a great pity that this great quantity of illuminating and heating gas should go to waste in these days of dear fuel. Mr. Kersey informs The Advance that there is no diminution in the gas flow since it was first struck, and, altho' the pressure has not been tested, he believes a conservative estimate would be 400 pounds to the square inch.

A recent article in the Saturday Evening Post says that formerly prospectors who struck a good gas flow and no oil, considered the well a dead loss; now, however, they reslized that they had a veritable bonanza, as under modern processes one gallon of gasoline could be produced from each thousand feet of gas. So this well should be worth something to the owners, even if not used for heating or lighting. The well if properly handled would also be a great asset for some industry for both light and heat, and would furnish cheap fuel under such conditiens to last a lifetime. We trust sincerely that something of value may come out of the investment, even if oil is not struck in paying quantities.

Artemesia Council

The Council met at the Town Hall, Flesherton, on the 3rd day of April, 1920. The members were all present, the Reeve in the chair. The minutes of last meeting were read and signed.

Letter from H. E. P. Com. re power and light for Proton Station, and an account from W. H. Thurston for printing, etc., for $48.50 were presented and read, and also a claim from W. H. Duckett for sheep killed $10.00.

Report of Committee re Durham Road crossing C. P. R.—"Your Committee examined the situation at C.P. R. crossing, Durham Road and 30 sideroad and found the condition of both positively dangeroue to the travelling public. Although the crossings are bad at any time, during the winter season accumulation of snow renders the crossing practically impassible and extremely dangerous. We would recommend that the matter be taken up with the Railway Co. with the object of having a deviation made through lot 31 to sideroad 30, and an overhead bridge built over the crossing on sideroad, which would eliminate both crossings and relieve the difficulty entirely.' T. R. McKenzie, J. Burnett and S. Batchelor—Committee.

Bylaw No. 10 to establish a Telephone System and No. 11 to authorize loan to High School and No. 12 appointing Clerk were introduced and passed. By-law No. 8 appointing officers for 1920 was read a third time and signed.

Orders were passed for the following accounts—The Reeve expenses to Toronto on Provincial Roads Committee, $12.00; W. H. Thurston, printing, etc., $48.50; W. H, Duckett, for sheep killed, $10.00; The Reeve, Mr. Burnett and Mr. Batchelor $3 00 for services on Railway Crossing Committee.

Cameron—Batchelor—That Mr. Burnett have the wheel scraper put in repair.—Carried.

Cameron—Batchelor—That the bylaw fixing the price per day for commuted statute labor, be amended by making the amount $2 00 per day, instead of $1.50 and a bylaw be passed at next meeting of Council to this effect.—Carried.

The Council adjourned.
