SPECIFIC MEDICINE
Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which in many cases are produced by over indulgence in the use of tobacco and alcoholic spirits; but the specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhea, Impotency, and all diseases that follow as a sequence of Self Abuse, as loss of Memory, universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other diseases that lead to Insanity or Consumption and a premature grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence.
The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.
The Specific Medicine is sold by all Druggists at $1 per package, or six packages for $5, or will be sent by mail on receipt of the money by addressing

Daily British Whig

THURSDAY EVEN'G, NOV. 11, 1875.

THE CHARGE OF THE SIX HUNDRED.

On the 25th October was celebrated in England, at the Victoria Park, the twenty first anniversary of this celebrated exploit. Of the six hundred who entered the valley of death, there remained spared by musket shot and cannon ball, and by the tooth of time about one hundred and thirty heroic veterans, when the bugles during the dinner sounded the cavalry calls—"walk, trot, gallop," the men becoming excited as the familiar strains called at last for the impetuous charge, rose to their feet in a wild hurrah, which was speedily mingled with the spirit stirring notes of "Garryowen," played immediately by the band. Mrs. Sterling made a graceful little speech, and recited the following fine lines of Mr. Chander:—

The scribbler in safety may fairly enlarge,
On the blunders we made in that terrible charge:
But the bursts of our steeds, and the stroke of our steel,
Caused the volumes to waver; the squadrons to reel;
We were but six hundred; how many the foe,
We knew not, we cared not, we asked not to know,
Midst the flashing of cannon, the musketry's roll,
We heard but our orders, we saw but one goal;
The fire fringed mountains we shook with our tread,
Front and flank were our foeman, behind us our dead;
Midst a whirlwind of carnage the guns we rode through,
For slaughter too many, for conquest too few,
Then breathless, but fearless, a passage we tore
Through a death dealing host where our dead lay before,
It might not be war, the mad freak that we wrought,
To learn the result, ask the Russ what he though,
Count the lady inth'd legions that studded the track
Where a regiment swept forth and a troop straggled back.

No one thought of repeating the rubbish of the Poet Laureate on the same occasion.

SUN-SKITS.

—An anti-Prohibitionist explains that that the reason he keeps Kinnahan's whiskey in the house is that it comes Kinahandy.

—Everybody knew just how the election was going to turn out in East Northumberland yesterday. After it had turned out.

—A man may be very clever fellow and be able to turn out election speeches by the yard, and yet not know how much buckwheat it takes to make enough pancakes to go once round.

—The Hamilton reporters are tickled to death because Sheriff McKellar has fixed up a desk for them in the court room. Next time the Sheriff does any carpentering for those fellows they may be tickled to death after another fashion.

—Mr. Cushing, member for Argenteuil, has been unseated and disqualified. This is, he will be prevented from taking a seat in the House for eight years. But what need Mr. Cushing care! He can sit on himself.

—POLICE COURT.—Only one individual figured on the board of this institution this morning—one Jones for being disorderly.—*St. C. News.*

'Figured on the board.' Do they bring them in on a shutter.

—The Ottawa man who keeps a lamp burning inside his coal stove because coal is too high this season to buy, is not where Nature intended he should be. He was designed by all wise Providence to keep a cheap boarding house and scraps the butter of the boarders' plates after they get through.

—While our contemporaries are all discussing the beauties and advantages of striped stockings for ladies, we sit calmly back in our chair and wait for more facts. We don't want to seem ignorant on this great subject and yet we hate to go fooling round clothes lines to get our information.

—A news item says:

"Geo. Lemon, a Goderich veterinary surgeon, has levanted after having swindled his sweetheart out of $50. She is said to be the gainer by the loss of the gay Lothario, even though he had taken her $50.

Lemon kind of soured on her hands and now she has got nobody to squeeze them.

—An Irishman was going to tear down a pooling booth on election day and mash the heads of two scrutineers because they wouldn't tell him whether Crooks was elected or not. He said "bimmy sowl I'll make Brother Boyle publish ye." Then he picked up his dinner pail and moved off cheering for John A.

—This is a queer world anyhow. Here some fellows can get elected to parliament almost every time they try, and others can't get elected at all. There's J. D. Edgar. He has chased every chance that has turned up for the past few years and is open for engagements yet. He was in the house once, but that only fed his appetite, and he has hungered for the fleshpots ever since. Either the Reform party must find J. D. a constituency or the country must do without national poetry. And if this country must do without national poetry and raise hens it's badly mistaken. Where's the lay of the last minstrel?

—It is astonishing, when you come to think of it, the presumption of men like Geo. Brown, Alex. Mackenzie and Ed. Blake moving about among their fellow mortals with a load of guilt on their souls enough to sink a ship. For has not the West Durham *News* man assured us that "they have been engaged in the most infamous and extensive system of corruption ever unearthed west of the Atlantic.' And yet these men waltz into church and look so pious and feel no compunctions about buying their groceries at the same store where white souled customers do deal. If the *News* man's office is burned down and his remains dug out of the cellar the public will know who to suspect of it.

No use of any longer taking the large, repursive, griping, drastic and nauseous pills, composed of crude and bulky ingredients and put up in cheap wood or pasteboard boxes, when we can, by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, scarcely larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each of Dr. Pierce's Pleasant Purgative Pellets represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in the drug stores. From their wonderful cathartic power, in proportion to their size, people who have not tried them are apt to suppose that they are harsh or drastic in effect, but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized, one by the others, as to produce a most searching and thorough, yet gently and kindly operating cathartic. The Pellets are sold by dealers in medicines.

☞ Thousands of people are now carelessly allowing themselves to drift through the preliminary symptoms of consumption, under the fatal delusion that they are troubled with nothing but a slight cold. How necessary is it, then, that a cold should be cared for from its incipiency and every exertion used to get rid of it. "Bryan's Pulmonic Wafers" will stop the hacking cough in a few minutes, and by their influence on the bronchial and pulmonary organs all fears of dangerous results will soon be dissipated—but they must be taken in time. Sold by all druggists and country dealers. Price 25c per box.

How Old and Infirm are Supported by Fellow's Compound Syrup of Hypophosphites.—Imparting the vigor of youth the expenditure of the power of the mind (which is the real seat of man's strength) is balanced by activity of the nutritive functions, without the aid of science. But time, the everlasting dissipator of reason as of events, sets a limit to his power, and it is at this epoch that science may render to man the desired assistance, and restore the drain upon his wasted energies. Each effort of the mind, every act of the body, will extract a volume of nervous element in proportion to the magnitude of the thought or action, and since this Hypophosphites combination really will supply the vice versa to the body, it must support the human mechanism successfully after the vigor of youth is past.

A Really Good Article.—We would call the attention of all interested to an article of undoubted merit, and which we would advise all in want of it to give a trial. We refer to "Darley's Condition Powders and Arabian Heave Remedy" now being extensively used by many of of the largest horse dealers in the country; these men have discovered that improves the condition of the horse by purifying the blood, and removes from the lungs and liver all that prevents their healthy action; its effect is soon apparent in the improved appearance of the animal, which is one great reason why horse dealers use it, as they are thus enabled to get better prices and at the same time give their customers sound and healthy horses. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—These are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much.
