"The Birth of a Nation" engagement at the Town Hall, Flesherton, Saturday May 1, when D. W. Griffith's mighty spectacle will be offered for the first time here. This is the great attraction which has broken all records in New York city and has also to its credit record runs in Boston, Chicago, Toronto, Montreal and elsewhere. It takes two cars to transport the big organization. In the story proper 18,000 people and 3000 horses are seen. The story tells in thrilling detail the relationship that the rise and fall of slavery in this country bore to the making of American history. It is the greatest achievement upon the American stage.

The postmasters of the Dominion purpose making a dead set on the authorities at Ottawa for a recognition of their right to an advance in salary to keep pace with the price of sugar and other things, including advances to the civil servants and members themselves. The latter held two sessions last year, and pocketed double pay. The postmasters and couriers of Canada are the poorest paid of any branch of the public service, but they are evidently considered to be the "little fellows" whom the "big fellows" can lick into quiescence and proceed to load them up with extra work at the old pay, regardless of the changed conditions. But then we are all getting pounded on all sides, the newspaper men, too.

We make a charge of 10c a line for all church announcements, concerts etc., up to 5 lines. Over that number 5c a line. No reading notices inserted under 50c. Count six words to the line.

Mr. Arthur Johnston of the Meaford Road, a well known resident of Artemesia for many years, died on Monday morning at the age of 73 years. While Mr. Johnston was unwell for some time his immediate death was unlooked for. He was in town a couple of weeks ago and was only seriously ill for a few days. The funeral took place to Meaford Road cemetery yesterday (Wednesday).

The parsonage at the Baptist church caught fire one afternoon last week in absence of the family. When discovered the fire had made great headway, but a crowd of workers was soon on the ground and fought the fire to a finish with pails and water. In about half an hour the fire was completely under control, but not until the inside of the building was pretty well gutted and much damage done to building and furniture. The fire evidently started from a stove in the kitchen and quickly spread upstairs, and when the fire fighters began work the roof was ablaze in several places. It looked like a miracle that the fire was subdued with an ordinary pail brigade before the building was totally destroyed. There was an insurance of $600 on the building, and the company allowed the full amount, also $200 for damage to the church by fire, smoke and water, which is consideased liberal for the insurance company, and which liberality the officials fully appreciate. There was no insurance on the household furniture and subscription lists have gone around and have been liberally responded to. Service was held as usual in the church on Sunday. Rev. Upham desires us to thank those who worked so heroically.
