NOTICE TO EMPLOYERS
AND THEIR MALE EMPLOYEES

By an order signed on August 15th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations:

1. Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possess documents to show that he is in good standing under National Selective Service Mobilization Regulations (that is, in relation to the Military Call-up);

2. Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as refererd to;

3. Every employer is required similarly to check the documents held by each male employee newly engaged between May 1st, 1944, and August 22nd, 1944, and to report to the Registrar for his Mobilization Division by August 29th, 1944, on any such employee found not to possess documents as referred to;

4. Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;

5. Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents. The procedure for the present continuing check, although being notified to employers in "Notice to Employers and their Male Employees", which is now being mailed, is identical with that set forth in "Employers' Guide", which covered the check made before May 1st, 1944.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada co-operated very satisfactorily on the first check, made up to May 1st last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9 and details as to documents which prove good standing, are available through the Employment and Selective Service Offices.

An old man and his wife were standing before the pen looking at their only pig, when the old lady said: "Say, John, it will be our silver wedding to-morrow. Let's kill the pig."

John replied with disgust: "What's the use of murdering the pig for what happened 25 years ago?"

Hitler, whose ambition was to make the world his lebensraum, will soon wind up in the narrow confines of the doghouse.

"When you asked her to dance did she accept quickly?"

"Did she! Why she was on my feet in an instant."

Poultry

The poultry season is drawing near and we have a good market for your well-finished birds. A demand for C grade poultry, however, is definitely lacking. We, therefore, advise you to properly finish your birds, whether you sell them alive or dressed, in order to secure top prices.

This year the production of poultry is exceptionally heavy. It is advisable for you to finish your birds and begin marketing them early and at regular intervals, in order to aboid too heavy a supply at any one time.

Right now we are dressing poultry. You may sell your poultry to us alive or have us dress them for you and pay you on dressed basis.

Patrons are requested to co-operate in bringing their cream to the creamery by 10 p.m. on open nights, otherwise cream will not be tested until the following day.
