# Hancock's Inspirator

IS THE MOST ECONOMICAL APPLIANCE KNOWN for feeding boilers or pumping purposes on account of the great simplicity, durability, and the small expenditure of steam required for working it. It is intended to take the place of Pumps and Injectors and may be used for the same purposes with great advantage. It differs materially both in its

Construction & Working Qualities

from the class of boiler feeders known as injectors—inasmuch as it has no set of tubes for lifting and another set of tubes for forcing water combination entirely new, reliable and efficient. They are simple to operate, always ready for use and altogether a very reliable feeder.

PAMPHLETS OF INSTRUCTION furnished on application, also testimonials if required. We guarantee every Inspirator according to recommendation or no cause.
