Oregon, Washington & Idaho

Offers the best field for Emigrants—viz., a mild, equable, and healthy climate; deep fertile soil of great fertility, producing all varieties of Grain, Fruit, and Grasses in wonderful abundance; an unsurpassed country of timber; vast coal fields and other mineral deposits; cheap and quick transportation by railroads and river navigation; direct commerce with all parts of the world, owing to its proximity to the Pacific Ocean.

NO DROUTHS, NO INSECT PESTS, NO HURRICANES, WHIRLWINDS, OR OTHER DESTRUCTIVE PHENOMENA.

The lands of the Pacific Northwest show an average yield of wheat per acre larger by excess of that of any other section of the United States.

No failure of crops has ever occurred.

Oregon wheat commands a higher price than that of any other country in the Liverpool market.

An immense area of very fertile Railroad and Government Lands, within easy reach of the work lines of the Northern Pacific R.R., the Oregon Railway & Navigation, and the Oregon & California R.R. Co's and their numerous branches in the great Valleys of the Columbia, and its tributaries, are now offered for sale at Low Prices, and on Easy Terms, or open to pre-emption and Homestead Entry.

The great movement of population to the Columbia region now in progress will be most materially increased by the completion of the Northern Pacific R.R. and the Oregon Railway & Navigation Co's systems. A TRIPLE TRAGEDY.

A Herkimer Woman Shoots Her Two Children and Kills Herself—Jealousy the Cause.

On Sunday evening Mrs. Thomas Parkes, of Herkimer, shot her two children aged respectively five years and two months, and then committed suicide. From the Union *Herald* we learn that Mrs. Parkes (Jennie Ball) was born in England and came to this country when a child. Soon afterwards Mrs. Ball died, leaving three children, all girls. Two of them, Jennie (Mrs. Parkes) and Belle, (now Mrs. J. L. Farrington, of Ilion,) were adopted by Mrs. D. D. Bryce, a highly respected resident of Ilion. Both girls were reared in affluence.

Six or seven years ago she was married to Thomas Parkes, then employed in the office of the Remington Manufacturing Company. About a year ago they removed to Herkimer, where Mr. Parkes engaged in the grocery business. Lately suspicions of infidelity have been expressed regarding Mr. Parkes. To quiet his wife's suspicions he had a talk with her, denying any wrong doing on his part. Instead of removing any doubt it put doubt there, as before the time she had placed implicit faith in her husband's love for her.

Sunday the home appeared happy. During the afternoon Mr. and Mrs. Parkes enjoyed singing together. The servant went to church at 6 p.m. Shortly afterwards Mr. Parkes told Lulu, his little five year old girl, to get ready for bed. The child did not comply with his request, and he boxed the little one's ears. Mrs. Parkes reproved him. This led to some words, and he started out without giving her his customary kiss.

Delia returned from the church soon after Parkes left the house. She was asked by Mrs. Parkes to hold the baby while she went up stairs. Upon returning she took the baby, and asked the girl to request Mrs. Bull, who lived next door to come in. As soon as she was alone Mrs. Parks laid the infant on the front side of the bed, and Lulu on the further side. Then getting into bed herself between the children, she placed the revolver at Lulu's temple and fired, then quickly shot the babe in about the same position on its left side, and then placing the revolver to her own head, fired again. The servant soon after returned with Mrs. Bull, and found the three in bed, each with a ghastly pistol wound in the head, and a revolver clasped in Mrs. Parkes right hand. Everything possible was done for the children, but both died.

After a long search Mr. Parkes was found and arrived home about 10 o'clock. He was frantic, and rushed at once for the bedroom. He bent over the bed; kissed his wife, and then rushed hither and thither in a dazed condition. For a long time he did not seem to realize what had happened. He pleaded with the doctors to "save Jennie." Towards morning he quieted down somewhat, and conversed with a number of friends regarding the tragedy.

Nervousness.

Nervousness may be entirely cured in a short time by using one of Norman's Electric Belts, without any fear of injury. Try one and be convinced.

Almos Hudgin, Toronto, writes: "I have been a sufferer from Dyspepsia for the past six years. All the remedies I tried proved useless, until Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner."

Messrs. Parker & Laird, of Hillsdale, writes: Our Mr. Laird having occasion to visit Scotland, and knowing the excellent qualities of Dr. Thomas' Eclectric Oil, determined to take some with him, and the result has been very astonishing. We may say that in several instances it has effected cures when ailments had been pronounced incurable by eminent practitioners.

GREAT EARTHQUAKES.

A Rehearsal of Them—Effects of the Eruptions—Summary of Damage.

In 1783 Iceland was visited by convulsions which destroyed nearly one-fifth of the population. Twenty villages were consumed by fire or inundated by water, and one eruption on the mainland threw up "a mass of lava greater than the bulk of Mont Blanc." A new island was thrown up in the sea, but within a year sank, leaving a reef of rocks thirty fathoms under water. In 1783, on the Island of Java, the earth shook and "immense columns of hot water and boiling mud, mixed with burning brimstone, ashes, and lapilli, of the size of nuts were projected from the mountain like a water spout with such prodigious violence that large quantities fell beyond the river Tandjan, which is forty miles distant." The eruption lasted four hours, destroying 114 villages, killing over 4,000 human beings, converting a mountain ridge into an enormous gulf, and changing the face of the country for miles around. On the first of September, 1730, the earth split in Lancerota, one of the Canary Islands. In a few days "a considerable hill of ejected matter was thrown up, a vent opened sending forth a stream of lava that overran several villages, and flowed into the sea." These terrible commotions lasted five years, filling the air with putrid vapors in the midst of which hundreds of human beings and animals dropped dead. In 1819 the fort and village of Sindree, on the eastern arm of the Indies, sunk and a tract of country 2,000 square miles in extent was submerged. In 1815 an eruption took place in the province of Tomboro, and only twenty-six persons survived out of a population of 12,000. An account of the fearful visitation says that "violent whirlwinds carried up men, horses and cattle into the air, tore up the largest trees by the roots, and covered the whole sea with floating timber." Another account says, "the floating cinders to the westward of Sumatra formed, on the twelfth of April, a mass two feet thick and several miles in extent, through which the ships with difficulty forced their way." The town of Tomboro, on the west side of Sumbawa, was overflowed by the sea so that the water remained permanently eighteen feet in places where it was dry land before. The area covered by this convulsion was 1,000 miles in circumference. On the first of November, 1775, at Lisbon, a sound of thunder was heard, and in six minutes 60,000 persons perished. "A great concourse of people collected for safety upon a new quay, built entirely of marble, but it sunk with all upon it, and not one body ever appeared upon the surface." A number of small boats went down, and no fragments of their wreck were ever discovered. Humboldt says that "a portion of the earth's surface four times as great as the size of Europe was shaken by this earthquake."

Horsford's Acid Phosphate.

is very valuable for professional men. It supplies the phosphates which are always lost by severe mental labor.

Buckingham's Arnica Salve.

A FAMILY OF EVILS.—Biliousness, Constipation and Dyspepsia usually exist together. By disciplining the liver and toning the stomach simultaneously, they can be eradicated. The promptitude and thoroughness with which Northrop & Lyman's Vegetable Discovery and great blood purifier removes this trinity of physical evils is a fact widely appreciated throughout Canada.

F. Burrows, of Wilkesport, writes that he was cured of a very dangerous case of inflammation of the lungs, solely by the use of five bottles of Dr. Thomas' Eclectric Oil. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was effectual.

BE AWAKE in time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent those unfortunate results. Take it at once. Any druggist will have it.

THE MOST frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it hurries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

NOW THAT there is a reliable remedy for kidney troubles half the terrors attached to those complaints have been removed. For this let all be thankful, and to Dr. Van Buren's Kidney Cure award all praise for having thus removed a hitherto considered fatal disease from our path. It was never known to fail. Sold by all druggists.

G. W. Mosier, Parkdale, Toronto, writes: "My wife had several very severe attacks of cramps in the stomach. Hearing of Dr. Austin's Peppermint and its pleasantness to take, I gave her two bottles, and she has not had an attack since, and her health is much improved." For sale by all druggists.

A common, and often fatal, disease is Jaundice. Regulate the action of the Liver, and cleanse the blood with Burdock Blood Bitters, and the worst case may be speedily cured.

No matter what your feelings or symptoms are, or what the disease or ailment is, use Hop Bitters. Don't wait until you are sick, but if you only feel bad or miserable use the bitters at once. It may save your life. Hundreds have been saved by so doing, at a moderate cost. Ask your druggist or physician. Do not suffer, but use and urge them to use Hop Bitters.

Remember, Hop Bitters is no vile, drugged, drunken nostrum, but the purest and best medicine ever made, and no person or family should be with out it.

Don't risk any of the highly laudated stuff with testimonials of great cures, but ask your neighbour, druggist, pastor or physicians, what Hop Bitters has and can do for you and test it.

YARKER ITEMS.

The "January thaw" has reached this place at last. It was a little late this year.

Rev. John Irwood is visiting his old friends here.

George Graham has gone to Strathroy. Like most young men he likes more change and amusement than Yarker affords. He carries a host of good wishes with him.

Fenwick Connoly returned last week from an extended visit to Kingston. He evidently appreciates the "Limestone City."

Mr. Bronson, the blind phrenologist, is in the village. His free lectures were well attended at Clark's Mills. He receives much praise.

Miss Libbie Conway has returned from Kingston, where she is to make her home shortly.

Sickness has been quite common in our little city of great expectation lately. All are now convalescent.

Mr. J. Conway has disposed of his farm to Mr. Lucas.

The concert recently held in the school house was so successful that another one may soon be given.

The approach of spring has induced a host of people to sleighride "en masse." Visiting other singing schools is quite fashionable, and trips to Kingston, Napanee, Newburg, etc., are not infrequent. Last Saturday a jolly load paid a visit to E. J. Benjamin's slumber shanty on fourteen Island Lake.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease, consumption. Ask yourselves if you can afford for the sake of saving 50 cts., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back, side, or chest, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

Medical Testimony

Has proved that Puttner's Emulsion of Cod Liver Oil with Hypophosphites, &c., has produced more cures and given permanent relief in more cases of consumption than any other remedy. In diseases of women and children it is having remarkably good results. Puttner's Emulsion is sold by all druggists. Price 50c.

Our Children.

Why compel them to take those vile and nauseating medicines, when Puttner's Emulsion is so palpable and nice, and produces better results than any other. Most astonishing reports are daily recorded in favour of its cures where other preparations of the kind have failed, and then been cast aside in disgust.

Mr. James J. Anslow, Newcastle, N.B., writes: "Mrs. Anslow was troubled with Lung Disease, and until he took Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda had little or no appetite; but after taking a bottle or two she gained appetite and had a relish for her food, which was quite a help to her in keeping up against the disease. As we are out of yours, and cannot procure any here, she is taking another Emulsion; but as we prefer your preparation to any in the market, you will kindly ship me some at once and oblige."

Headache, Biliousness, Dyspepsia and Constipation promptly relieved and cured by the use of Dr. Carson's Stomach and Constipation Bitters. As a family medicine they are far superior to Pills. In large Bottles 50 cents.

"For four years I suffered agony from a skin disease. Dr. Benson's Skin Cure cured me." C. B. McDonald, Plattsville, Ont. $1, at druggist's.

The injurious effects of alcohol on the brain and nervous system relieved and cured by the use of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

DRUGGISTS & DEALERS Everywhere.

A Purely Medicinal Fountain of Health is a wonderful tonic invigorator and blood cleanser. It regulates to healthy action the Liver Stomach Bowels and Kidneys. One bottle contains sufficient for one month's medication, and costs one dollar.

Mrs. Campbell, 344 Wilton Avenue, Toronto, says: "I had suffered much for a long time by derangements of Liver Stomach and Kidneys. Two months using of Fountain of Health has almost completely restored me."

The Fountain of Health cures Catarrh, Rheumatism, Scrofula, and all humours such as Blotches, Pimples, Old Sores, Ulcers, and all obstinate diseases of the Skin and Blood, this it does by its power to cleanse the blood.

Rheumatism cannot be cured by external and local applications. Time to treat it is as unwise as to water the leaves of a plant at whose root a worm was gnawing. It requires such a constitutional remedy as the Fountain of Health is proving it all to be.

COLD WINDS AND SPOTTY CHANGES make this the most trying season. To throw off a cold or that feverish condition of the system resulting from impure blood, use a bottle or two of nature's great remedy—Fountain of Health.

Catarrh cannot be cured by a local remedy. It is a deep seated and constitutional wrong, the tendency of which is to lay the whole respiratory economy in ruins. The Fountain of Health will reach the seat of this malady.
