Makes your memory sweeter still.

DUNDALK

A new Briscoe car with four young men from Toronto, enroute to Owen Sound, on the County Road, came to grief a little east of Dundalk on Sunday morning. It is supposed that they were speeding on the good roadway. At any rate the car left the road, navigated the ditch without the use of a bridge, snapped off a telephone pole which was in the way, got over, through or under the fence into a field, hitting a tree and just then the car ceased its active career for the time being. Fortunately the driver and passengers were unhurt. The car, however, was on the casualty list and was taken to the hospital for treatment and the replacement of a few parts.

Through the influence of Col. McFarland, of the old 147th Grey Batt., and of Mr. R. J. Ball, M. P. for South East Grey, Dundalk received last week from the Director of War Trophies at Ottawa, a splendid souvenir of the great war in the form of a captured German Field gun. It should be stated that shortly after the armistice was signed a committee of citizens was appointed to make application for a suitable war trophy for the village and correspondence with this end in view was begun. The trophy occupies a position on the boulevard at the town hall corner and it will probably have a prominent place in the Soldier's Memorial Park at the formal opening on Dundalk's big day, Thursday, June 24th, when Premier Drury and other leading men will be here.—Herald.

Could Not Agree

The Owen Sound Advertiser of last Thursday says :

"After a long conference yesterday afternoon between the Town Council and the special committee of the County Council in an endeavor to reach a basis satisfactory to both parties for the agreement which must be made between the City and County when Owen Sound becomes incorporated, it was found impossible to come to a decision. The County representatives wanted the City to pay the cost of administration of justice on a basis of population, which would mean a little over one-fifth of the whole, while the Town Fathers considered that the present share of one-eighth based on assessment was the only fair basis. The Town had already conceded several points ; but on this they held firm, even after the County committee had offered to accept one-sixth. The agreement, therefore, will have to be settled by arbitration—in which case the City, in our opinion, stands to gain.

The only agreement reached was one regarding the road now being built on the east of the town. Mr. Boyd wanted the town to agree, subject, of course, to the decision of the Suburban Area Commission which is to be appointed, to treat the work being done on this end of the Meaford Road as work done within the suburban area. While the Council could not deal with his request at this meeting, which had been called for a special purpose, all were agreeable ; and he was assured that it would be dealt with at the next regular meeting, the understanding being that if the Commission designates this portion of the road as within the area the City will pay its half of the cost, otherwise the County to pay all.

Elmer Brown, son of Mr. and Mrs. Isaac Brown, 9th line, St. Vincent, met with a serious accident which might easily have cost him his life. It appears that he and Mr. Carnahan were leading a cow behind the car and the animal bolted and the rope passed over the back of his (Brown's) neck and threw him out of the car on his head with much force. The young man was unconscious for a time and was suffering from concussion when Dr. Bennett arrived. No other injuries were received but Elmer feels that the accident was serious enough and is shaking hands with himself that he was so fortunate.
