WORDS IN SEASON.

NO. 1.—We cannot expect this mild weather to continue but a few days more at the furthest. While it does last, however, it behooves us to make ample preparation for a long, cold winter filling up the coal bins, putting on double windows, getting ready to answer the question, For whom do you vote? and, what is fully as important as either, overhauling Furs and Fur Garments, sending such as need repairing or remodelling to some reliable Furrier to be put in shape for immediate use. This is also the best time of the year to purchase new Furs. Stocks are full and the assortment much better especially Persian Lamb goods and Astrachan Jackets than can be expected later on. BUFFALO ROBES will be found cheaper this season than they have been in years, the price ranging from $6.50 to $20 for extra large robes. Japanese Wolf Robes are also very cheap—if you know just where to buy them, and very many people believe that in all Canada there is no better or cheaper place to buy ROBES, FUR COATS, JACKETS or FURS of any kind than at the

Boston Hat and Fur Store,

Wellington Street, Kingston. This firm manufactures furs of every description and says care ful attention to the remodelling and repairing of old Furs, and hats, but not hoot, they have the reputation not only of keeping the finest stock but also of selling their goods cheaper than any other house in Kingston.
