NAVY LEAGUE TAG DAY IN FLESHERTON SATURDAY

The Navy League of Canada is again holding its tag day in our municipality on Saturday, September 30 and we wish them every success in this patriotic effort on behalf of merchant seamen. We live in peace in this community while our brothers, fathers and sons bear the brunt of battle not only on the sea, but also on land and in the air and it is our duty to support every effort, in order to strengthen their morale so that the victory may be ours and not Hitler's.

The Navy League has made marvellous contributions to our fighting naval men and our merchant seamen and its sixteen hostels and reaction centres have added greatly towards the welfare and comfort of these men of the sea. It is interesting to note that during 1943 more than five million seamen crossed the thresholds of the Navy League Seamen's Clubs where good meals and comfortable sleeping accommodation were provided at cost, while hot and cold shower baths, medical and nursing services, recreation and pleasing entertainment, and many other services were given at no cost to seamen. When these men leave the Navy League hostels, they o so with courage in their hearts and thankfulness because of the generosity of Canadian people for all that they have received.

The taggers for the Navy League in this community will feel that they have performed a noble and patriotic service if every citizen gives them the support which they need at this time. We must not allow this opportunity to pass for it forms the first link in the chain that stretches from this community to our brave men of the seas, carrying our concrete "thank you" for the tremendous service they are rendering in protecting and serving us, for if it were not for these men, the battles of this war might well be fought on the streets, lanes, highways and fields of our own country.

Let us rise to this task and carry out the noble traditions of Lord Nelson who said so many years ago, "England expects that every man this day will do his duty."

ANNUAL LIBEAL PARTY MEETING-HELD AT HANOVER

Messrs. Jos. Radley, Ken Betts, J. O. Dargavel, A. E. Goessel and Fred Down attended the Grey-Bruce Liberal Association banquet held at Hanover on Thursday evening. The 24 municipalities in the riding were well represented, 38 guests attending. Following the banquet the minutes of last meeting were read and an executive selection of oicers were chosen. The surprise of the evening was the appearance of the local Liberal member, Major Walter Harris, lately returned from overseas. Major Harris spoke well, but shows the ravages of war, being wounded. He stated that in his estimation, the King government had a very strong chance of being returned by the country, as he did not know of any party leader who was the calibre or had the ability of Mr. King. Mr. F. R. Oliver, in referring to the provincial government of Ontario, predicted that Mr. Drew would be defeated on the floor of the house, calling for dissolution of the Legislature. October 10th was chosen as the date of the Liberal convention at the town hall, Durham.—Cont.

So far this year, Long Distance calling is almost 10 per cent. heavier than in 1943, when toll calls set an all-time high.

So it is obvious why we must all continue to avoid needless Long Distance calls. Otherwise, pressing war business may be seriously delayed. **And such delays can cost lives!**

Please make only *necessary* calls.

100 BARRELS APPLES SENT WOUNDED TROOPS

One hundred barrels of apples were sent overseas last week by the Drew Government for distribution to Ontario soldiers lying wounded in army hospitals.

Premier George Drew requested this shipment for overseas delivery in a cable sent to Hon. T. L. Kennedy, Minister of Agriculture. "Where ever I go I find Ontario grown apples in great demand," he said. "In all the hospitals I visited wounded soldiers asked about our apples."

Col. Kennedy said the Ontario Department of Agriculture tried to send the apples but lacked the necessary priority for shipment. "We approached the Red Cross and they very kindly agreed to send them over," he said. "There are about 500 apples to a barrel, making a total of 50,000 apples for the Canadians in military hospitals."
