CROWN LANDS.

A Serious Question for Consideration by our Public Men.

Mr. J. Bawden, in a letter to the *Globe*, thus discusses the management of our Crown forests: The destruction of the pine forest becomes a matter of concern to the people, with astonishing rapidity. For example in the county of Frontenac, at the present rate of production of lumber and destruction by fire, in forty years there will be no pine timber whatever. With an increased rate of production, consequent upon the construction of the Toronto and Ottawa Railway and the extension of the Kingston and Pembroke Railway, the period of local supply may be shortened to twenty years. The value of farm property in a climate like ours is affected by the cost of building among other things. The growth of towns and of industrial activities is appreciably related to the cost of lumber. If this consideration should have any weight, the steps for checking the production of lumber should fall within the operation of the law of self-interest. It seems that it would be advantageous to the limit holders to prohibit them from cutting below a certain girth. This will favourably affect the ultimate value of their property, but it will injuriously affect their yearly profits for some time. The most

MONEY-MAKING MODE OF LUMBERING

is to take out the greatest quantity of marketable product, poles and all, from the least area. As for the future, no limit-holder can effect any insurance against the destruction of his limit by fire. A limit worth many thousands of dollars to-day may be in two or three years worthless. The question for solution is: Given the desirability of checking the production of square timber and saw-logs, what is the plan most likely to secure the result by making it the interest of the individuals concerned to carry it out? It is not the interest of the limit-holder to work his territory in the way suggested by Mr. Amery, for another reason than the probable loss of a considerable value from fire. There is enough second-class and inferior material within the command of settlers and small limitholders to keep down the price of the best article for some time. Our lumber kings would have to keep out of the market and maintain their costly establishments in expensive idleness if any embargo were laid upon the size of the saw-logs, while the local market would be supplied with

LUMBER FROM PRIVATE PROPERTY.

This, of course, would not last long, but long enough to ruin the limit holder. The difficulty is where to begin. The viciousness of the present system lies in looking at the area south of Lake Nipissing to a line from Collingwood to Renfrew as a region in which the settler shall have as little as can be conceded to him, while the lumberman shall have the remainder. Once the supply of timber is exhausted the latter has no interest in the country. The wealth he has abstracted is not spent in the further developement of property in which he has no territorial interest. He is concerned simply in a trade which works up a raw material you cannot replace, nor can the supply be maintained beyond a definite period. There is much said about the unwisdom of encouraging the settler to become a lumberman. This is downright nonsense. The early settlers in the front townships were all more or less lumbermen. And they did not in consequence go any faster to

RUIN THAN THEIR POSTERITY.

If the settler in the northern townships could be a lumberman, it would be his interest—if it were a condition of his being allowed to lumber that he should not cut trees of less than a certain girth—to maintain his reserve, to protect it from fire, and to expend his profits in the developement of the cleared portion of his holding. The limit-holders would strenuously oppose this, and, perhaps, they would err in doing so. Their interest lies in getting saw-logs at the least cost, and in maintaining their manufacture as going concerns as long as possible. The system of selling limits merely gives them a territorial control. But they would not lose this by the surrender of their licenses. A community of settlers in the interior and northern townships can afford to sell saw-logs as cheaply as any limit-holder can procure them, and, I have no doubt, cheaper. The greater the number of settlers, or the more extensive their means, the better for the lumberman. The business of the latter requires a large capital and here he would always have an advantage against small competitors. He would no longer be exposed to the risk of having his limits burned, and he would find in the long run a surer prosperity in the removal of the restrictions which give him now a territorial control simply analogous to the monopoly of slave labor formerly enjoyed on the cotton plantation of the Southern States.

Man's Noblest Work.

This is an age of great work and wonderful inventions. Steam, electricity, water, air, all are made to serve man, but unquestionably the greatest inventions are those which preserve man's health and prolong his life, and among the greatest of these is DR. KING'S NEW DISCOVERY for consumption. Its effects are truly wonderful and hundreds are happy to-day who once looked forward to an early grave. For coughs, colds, bronchitis, asthma, loss of voice, hay fever, hoarseness, croup, or any affection whatever of the throat, chest or lungs, DR. KING'S NEW DISCOVERY will *positively cure*. We can cheerfully recommend it to all, and can unhesitatingly say it is the only *sure cure* for throat and lung affections. Trial bottle ten cents; regular size $1. For sale by all druggists.

Remember This.

Now is the time of the year for Pneumonia, Lung Fever, Coughs, Colds, and fatal results of predisposition to Consumption and other Throat and Lung Disease. BOSCHEE'S GERMAN SYRUP has been used in this neighborhood for the past two or three years without a single failure to cure. If you have not used this medicine yourself, go to J. G. King, druggist, and ask him of its wonderful success among his customers. Two doses will relieve the worst case. If you have no faith in any medicine, just buy a sample bottle of Boschee's German Syrup for 10 cents and try it. Regular size bottle 75 cents. Don't neglect a cough to save 75 cents.

From Dean Gray, Jr., Esq., of Westfield, Mass. "About a year since I was attacked with a severe and distressing cough, followed by emaciation, night sweats, and other symptoms approaching disease.

"I tried many remedies to no avail, and so alarming did my case appear, that my friends entertained serious fears for my recovery.

"At this juncture I purchased a bottle of WISTAR'S BALSAM, and at once began to mend; and by the time two bottles had been exhausted I had entirely gained my health and strength. I shall always keep it in my family."

50 cents and $1 a bottle. Sold by all druggists.

EPIDEMICS.—Just now coughs, colds, lung and bronchial complaints seem to be epidemic. In these cases of sudden colds the best thing to do is to get a bottle of N. H. DOWN'S ELIXIR, which invariably gives speedy relief and ultimately effects a complete cure in all cases where the breathing organs are affected. Use it in time and prevent serious lung difficulties. Sold by all druggists.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by all druggists.

GOLD MINING.

Important Property Changes in the North of Hastings County.

The most extensive and important sale of mining property probably which has ever taken place in Hastings county has just been completed. The Cambria iron works of Johnstown, Pa., have purchased from Messrs. Lanstorf & Maas, Negaunee, Mich., and Messrs. Mitchell & Coe, of Madoc, the Dufferin and Nelson mines. The exact price paid for the property cannot be definitely ascertained, but it was in the neighbourhood of $60,000. The purchasers first obtained a deed of the property from the Ontario Mining Co., which is composed of the four gentlemen named, and afterwards a deed from the four individually in confirmation of the first deed. Messrs. Elder and Broadbeck, on behalf of their respective companies, also purchased from Messrs. William Coe, Arthur W. Coe, and John P. Mitchell, their interest in the residue of the term of the lease of the Wallbridge hermatite mine 14 years. The price paid for this was $20,000. The two companies are to operate these three mines together. They are both well known as being among the wealthiest and most enterprising corporations engaged in the iron industry in the United States, and it may safely be said that the great purchases just completed by them will prove an era in the history of mining in this country. They assert that this year they will get out 270,000 tons of ore, and in two or three years, when they will have all the required machinery in operation, they confidently anticipate that the yield from these mines will be 700,000 tons.

EVERYBODY uses "TEABERRY," the new toilet gem to beautify the teeth—to sweeten the mouth and breath—delightfully refreshing. Emphatic testimony of its superior excellence—try it. Price 35c. Sample packages five cents.

The Great American Remedy for COUGHS, COLDS, ASTHMA, BRONCHITIS, LOSS OF VOICE, HOARSENESS AND THROAT AFFECTIONS.

Prepared from the finest Red Spruce Gum. (Delicious Flavor.) Balsamic, Soothing, Expectorant and Tonic. Superior to any medicine offered for all the above complaints. A scientific combination of the Gum which exudes from the Red Spruce tree—without doubt the most valuable native Gum for Medicinal purposes.

Every one has heard of the wonderful effects of the Spruces and the Pines in cases of Lung Disease. In France the physicians regularly send their consumptive patients to the pine woods and order them to drink a tea made from the Spruce tips.

GRAY'S SYRUP OF RED SPRUCE GUM.

In this preparation the Gum never separates, and all its anti-spasmodic, expectorant, tonic, and balsamic properties are preserved. This Syrup, carefully prepared at a low temperature, contains a large quantity of the finest picked Gum in complete solution.

Its remarkable power in relieving certain forms of Bronchitis, and its almost specific effect in curing obstinate hacking Coughs, is now well known to the public at large.

Sold by all respectable chemists. Price, 25 and 50 cents a bottle.

The words "Syrup of Red Spruce Gum" constitute our Registered Trade Mark, and our wrapper and labels are also registered.

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and sure growth, during the last seventeen of its 27 years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N. Y. The figures represent the amount set apart, at the dates given, for the PROTECTION OF POLICY HOLDERS.

Twenty-seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if, not in the world. It now issues 45,000 policies a year. No other like Company can show such growth and increase.

The history of this Company proves that a large business, well scattered, managed with prudence, *can be done with a very small profit from each risk*, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets, for the indemnity of its patrons, and now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads the base of its Pyramid and gains strength.

EXTRACT FROM CHARTER.—"Article 8. This Company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Outbuildings, with their contents, and other property not more hazardous, and is strictly confined to this class of property."

PEPPER'S QUININE AND IRON TONIC—rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. It is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, at 6d.; next size, 11s. Sold by chemists everywhere. The name of S. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM AND PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine. Taraxacum and Podophyllin is a fluid made only by Pepper, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all chemists. A most valuable and essential medicine for India, Australia, the Cape and colonies generally.

LOCKYER'S SULPHUR HAIR RESTORER will darken gray hair, and in a few days completely bring back the natural colour. The effect is superior to that produced by an instantaneous dye, and does not injure the skin. Large bottles, 1s. 6d.—Lockyer's is equal to the most expensive hair restorer.

LOCKYER'S SULPHUR HAIR RESTORER is the best for restoring grey hair to its former colour. It produces a lovely natural shade and is absolutely harmless. Recommended for destroying scurf and encouraging growth of new hair.

LOCKYER'S SULPHUR HAIR RESTORER.—A delightful highly perfumed fluid, stimulant, cleansing, healthful action on the hair glands. LOCKYER'S RESTORER is strongly recommended. It is most agreeable in use, and never fails in its action on the colour glands, always restoring and maintaining that which has been lost. No other hair dressing is requisite. Large bottles, 1s. 6d. Sold by chemists, hairdressers and perfumers in London, the country, and throughout the year. Lockyer's is equal to any of the high-priced preparations.

CENTENNIAL AWARDS

WEBER & CO.

PIANO-FORTE MANUFACTURERS,

KINGSTON, ONTARIO,

Have been Awarded by the International Jury at the World's Fair, Philadelphia, on their Pianos:

FIRST PRIZE AND SILVER MEDAL,
THE MEDAL OF HONOUR,
AND DIPLOMA OF MERIT.

MESSRS. WEBER & CO. in announcing their success at the World's Fair, would call the attention of the Canadian public to the fact that after the most searching examination by gentlemen eminent for their Musical talent their Pianos have been awarded the above prizes. These Instruments were not made for the Exhibition, but taken from stock, being a fair representation of their Pianos. This should be a proof to Canadians that Canada can produce as good Pianos as the best imported Instruments. ☞ PRICE LIST on application.
