Ayer's Cherry Pectoral,

FOR DISEASES OF THE THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION.

The few compositions which have won the confidence of mankind and become household words, among not only the first class of medicines must have extraordinary virtues. Perhaps no one ever occurred so wide a reputation, or maintained it so long as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, by a long continued series of marvellous cures that have won for it confidence in its virtues never equaled by any other medicine. It still makes the most effectual cures of Coughs, Colds, Consumption, that can be made by medical skill. Indeed, the CHERRY PECTORAL has really rescued from dangerous diseases of their nature to a great extent, and gives a feeling of immunity from their painful effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members, sickness, suffering, and even life is saved by this timely precaution. The product should not neglect it, and the wise will not. Keep it by you for the protection it affords by its early use in sudden attacks.

DE LESSEPS' BRIDE

The Young Wonder Who Proposed to an Old Count—Nothing Venture Nothing Have.

Count de Lesseps became a widower at 56 with a numerous family. A few years later he was in the habit of visiting a family in Paris which comprised five sisters. One day he observed that he had undergone great dangers and difficulties among the Arabs, because they could not conceive how a man could live without a wife. The prettiest of the sisters innocently asked, "Why, then, do you not marry again?" "Because I am too old. Besides, if I were to fall in love with a young girl it would be absurd to think that she would fall in love with me." "Who knows?" observed his questioner. Lesseps told his young listeners about the rose of Jericho, which, after being dried and placed in water, again bursts out into bloom. Soon afterwards he obtained one of these roses and presented it to the young girl. In a few days she appeared with the rehloosomed rose in her hand, which she gave to the Count, saying, "See what a miracle the water has effected upon the rose; it is the blossoming of love in old age." Their eyes met, and he believing that she had a meaning in what she did, said, "If you really dare venture to share the remaining years of an old man, here is my hand." But for this marriage it is very uncertain whether he would have undertaken his laborious task at Panama. She is always at his side, and has been his chief help and support throughout his arduous conflict with politicians, money lenders, engineers and laborers.

The Western Scourge.

The presence and alarming spread of small pox in Chicago and many points in the northwest is making the holidays times of sorrow in some households and of anxiety to many more. The pest has found a hold in all sections in Chicago. It is more fatal to individuals, and harder to stamp out in a district, in winter, in part because of the general dread of proper house ventilation during that season. The health officers are doing what they can, but the pest house was too small and an addition is completed, only in part. Houses are placarded, and vaccination has been enforced to some extent by law. Yet, from the difficulty of detecting the disease in its earlier stages, and the repugnance to admitting that one is affected by it, no method has been devised to prevent persons going about the streets, who have the disease. A half dozen come to the health office in Chicago, daily, asking to be sent to the hospital. In some cases the disease has broken out upon them. The situation in the city is no worse than in the country where the contagion seems to have power to leap from city to city and from town to town. The officers of Joliet penitentiary have prohibited the friends of prisoners from any of the large cities of Illinois, visiting them.

Comparison of Wages

Mr. Shaw, U. S. Consul at Liverpool, has furnished his Government with some important facts as to work and wages in Great Britain, which show how senseless is a good deal of what we hear about "pauper labour" in that country. It would appear that the British workingman is little if any worse off than his fellow in the States. English spinners make from $7.20 to $8.40 per week; American, $7.07 to $10.90; English weavers, $3.84 to $6.64; American, $4.82 to $8.73; average paid in Lancashire mills, $8 for men and $3.40 to $4.30 for women; and in Massachusetts mills, $8.39 for men and $5.62 for women. But then the hours of labour in the former are 56 and the latter 60. The mills of other New England States generally pay less than those of Massachusetts, while the hours are 66 to 69 per week. It will be observed that though women's wages in the States are somewhat higher, those of men are about the same or less, while the time of labour is in excess.

For Councillors—David McAuley, Benjamin Harrison, Marshal Harrison, E. A. Williams, E. W. Burley, J. A. Shannon, G. N. Snider.

A Blessing in Disguise.

No one would suppose that the introduction into a family of a bottle of *Putnam's Painless Corn Extractor* would be the means of restoring peace and prosperity. Corns are painful, and the constant consciousness of this upon even the best natured produces nervous depression, ill temper, recklessness leading to a desire to spend their time away from the bosom of their family. In order avoid the evils above mentioned always keep a bottle of Putnam's Corn Extractor on hand. Sold everywhere.

Astonishing Success.

It is the duty of every person who has used BOSCHEE'S GERMAN STAFF to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 100,000 were sold last year, and in no one case where it failed was reported. Such a medicine as the GERMAN STAFF cannot be too widely known. Ask your Druggist about it. Sample Bottles to try sold at 10 cents. Regular size 75 cents.

Free of Cost.

All persons wishing to test the merits of a great remedy—one that will positively cure consumption, coughs, colds, asthma, bronchitis, or any affection of the throat and lungs—are requested to call at J. G. King's drug store and get a trial bottle of DR KING'S NEW DISCOVERY for consumption, free of cost, which will show you what a regular dollar-sized bottle will do.

Farmers and Mechanics.

If you wish to avoid great danger and trouble, besides a no small bill of expense at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle—Ex. Sold by J. G. King.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are affected with Nervous Debility, Loss Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, Neuralgia, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. For sale by all druggists.

"THE DEAFNESS" of having a bottle of Perry Davis' Pain-Killer in the house is, that you are prepared for the "worst." Croup or Cholera. The Pain-Killer is a sovereign remedy.

EXPLOSION ON BOARD SHIP.

Nineteen Men Instantly Killed, Some Drowned and Some Buried Alive.

A West Point (Va.) despatch, dated, yesterday, says: A stevedore's gang was engaged yesterday discharging the cargo of the steamer West Point, plying between here and Baltimore, when a kerosene explosion occurred, blowing off the side of the vessel and setting the latter on fire. Nineteen persons, including four of the crew, are nearly all the stevedores, perished. Several others were badly hurt. The crew were mostly from Baltimore and the laborers from Richmond and West Point. The steamer is valued at 60,000. Some believe the disaster was due to gas in the hold, and others attribute it to the explosion of a donkey engine. Almost immediately after the explosion the forward part of the vessel was enveloped in flames. There were twelve colored men in the forward hold, all of whom were killed by the explosion or burned to death. Five other men jumped overboard, and four were drowned. The steamer was cut loose from the wharf and drifted two miles. Everything combustible was destroyed, and the iron hull broken in two amidships. The boat's cargo consisted of miscellaneous freight, among which were several hundred barrels of oil including sixty of gasoline. The oil becoming ignited the flames spread with such frightful rapidity that there were no chances of saving the vessel nor any on board, even if not killed by the explosion. The forward portion of the decks and a great part of the starboard side were blown out, and there is no doubt that all in the hold or near the forward hatchway were instantly killed. The cause of the explosion is as yet a mystery. The officers say that the only fire on board was under the boiler which runs the hoisting engine, and that the engineer remained at his post and was unhurt. The hold had been opened nearly two hours when the explosion occurred, so the theories of boiler or confined gas explosion are done away with. The fireman was in the main boiler cleaning it, and had a light. This was the only light known to be on board.

Lost in the Woods

The dreary night of the 22nd of December will be long remembered by Mr. John Reid, of Glenburnie—better known on the Kingston hay market by the name of Jack, who left Mr. McCallum's lumber camp on that morning to buy sheep in the neighborhood of Opinicon. Having travelled all day in the rain in search of bleaters, he undertook to return to the camp, but was overtaken in the woods by the surrounding darkness. Wet and cold and without even a lucifer to cheer him, and after making every possible effort to get some place of shelter, he found it utterly impossible to proceed. At first he commenced to shout at the top of his voice, hoping that some one might hear. After some time he heard an answer from a distance, but the voice gave him to understand that it could not render any assistance, as it was a lone woman with an infant and deprived of even a lantern. By this time he found himself getting cold, and feeling around in the dark he got hold of a piece of wood, and with this he commenced pounding against a tree, which he kept up until the long-looked-for daylight made its appearance. Starting then for the camp he reached it about 10 o'clock, thankful that he had escaped being frozen, as it turned very cold, or being attacked by beasts.

Puttner's Emulsion.

The medicinal properties of Cod Liver Oil have long been recognised as superior to any of the agents employed in the cure or arrest in the incipient stages of affections of the throat, lungs, etc. Modern science has taught that this valuable substance may be advantageously combined with phosphorus, iron, lime, soda and other medicinal articles in such a way as to make each and all more thoroughly effective than if employed alone. Dr. Puttner had made the matter of combining these elements a study, and has evolved from his studious experiments the combination which he denominates "Puttner's Emulsion of Cod Liver Oil." In another column will be found his advertisement, accompanied by certificates as to its merits which cannot be doubted. A careful perusal of these is invited. A trial of the Emulsion can be made through J. G. King, Kingston, or other druggists.

Bishop Beveridge!

A gentleman meeting the celebrated and excellent Bishop Beveridge, asked him how he was. Beveridge replied "If I answer in Latin, I am so, so; if in English, so, so."

There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "king" of remedies. Sold by all druggists throughout the Dominion.

A Melodious Voice

ought to be accompanied by an agreeable breath. Words wafted by a pleasant one especially if proceeding from a roseate delicately chiselled mouth, delight and enchain the male listener. Mark this, dames and demoiselles, and use SOZODONT, which endows the teeth with the whiteness and hardness of alabaster, renders flabby, cankered, colorless gums firm and pink, and gives a healthier glow to pale, roughened lips. The breath becomes as sweet as a nosegay through its influence.

"Look before you Leap."

When you are suffering from any internal discomfort whatever, or from any cutaneous affection, don't aggravate the case by swallowing mineral poisons, but use DR. HERBEN'S SUGAR-COATED PILLS, that have been a blessing to the public for upwards of FORTY YEARS! Sold everywhere.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

There is no doubt that our Canadian climate is conducive to Lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all other Lung and Throat affections they have no equal. In large bottles at 50 cents. For sale by all druggists.

SULPHOLINE LOTION.

An External Means of Curing Skin Diseases.

THERE is scarcely any complaint that will yield more promptly to treatment than Skin Diseases. Ordinary pimples, tetters, blotches, itch and roughness, vanish as if by magic, when the skin-enriching and purifying properties of Sulpholine Lotion, between which and the skin it is applied, are exerted. Many so-called incurable skin diseases have succumbed to Sulpholine, and are now cured by its use. It dispenses the unhealthy secretions which cause them, straightens wrinkles, prunes affections, and always produces a clear, healthy, natural condition of the skin. "Sulpholine Lotion" sends by post. Chemists, Boston, Dr. St. Mark; TIPPLE & CO., London, Eng.

PEPPER'S QUININE AND IRON TONIC—Invigorates the nervous and enhances system, improves digestion, enlivens the spirits, restores the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE AND IRON TONIC—Permeates and develops the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. It is a specific remedy for neuralgia, ague, malaria, fevers of every kind, chest affections, and all wasting diseases, scrofulous tendencies, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution powerfully strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so good as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM AND PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congested liver, which are generally pain beneath the shoulders, headache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, gives a healthy tone to the system, and is the safest medicine. Taraxacum and Podophyllin in a fluid made only by J. Pepper, Bedford Laboratory, London, whose name is on everything. Bottles, 2s. 9d. and 4s. 6d. Sold by all chemists. A most valuable and essential medicine for the colonies generally.

LOCKYER'S SULPHUR HAIR RESTORER will darken gray hair, and in a few days completely bring back the natural colour. The effect is superior to that produced by an instantaneous dye, and does not injure the skin.

LOCKYER'S SULPHUR HAIR RESTORER is the best for restoring grey hair to its former colour. It imparts a perfectly natural shade and is absolutely harmless. Recommended for destroying scurf and encouraging growth of new hair.

LOCKYER'S SULPHUR HAIR RESTORER—A few drops suffice to settle on color glands, always restoring and maintaining that which has been lost. No other hair dressing is requisite. Large bottles, 1s. 6d. Sold by chemists, hairdressers and perfumers in London, and throughout the year. Lockyer's Lotion is equal to any of the high-priced preparations.

The Best Field FOR EMIGRANTS

An immense area of Railroad and Government Lands, of great fertility, within easy reach of permanent market, at extremely low prices, is now offered for sale in Eastern Oregon and Eastern Washington Territory.

These lands form part of the GRAIN BELT of the Pacific Slope, and are within an average distance of 20 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

Grain of Portland, Oregon, commands a price equal to that obtained in Chicago.

The only competition of the Northern Pacific R. R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the completion of the network of 700 miles of railroad by the O. R. & N. Co. on the various of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

Lands show an average yield of 40 bushels of wheat per acre. No failure of crops ever known. Railroad lands offered at the uniform rate of $2.50 an acre.
