The highway from here to Shelburne is in a deplorable condition and almost unfit for traffic. It is also getting worse all the time. What is the government going to do about it?

McTavish & Son have begun the remodelling of their premises for a modern and thoroughly equipped garage. When completed Flesherton will have two of the best and most complete garages between Toronto and Owen Sound—much more commodious and thoroughly up to date than are to be found in many towns of ten times its size.

Flesherton Methodist Sabbath school picnicked at Eugenia Friday afternoon last. Parents and pupils were taken out in a number of autos loaned and hired for the occasion. We understand that the outing was a most delightful one, although there was some dissatisfaction as to the way the children were looked after by the grown-ups. For instance, the children were allowed to come and go where they willed. Some of them even walked the hydro dam, which is strictly for bidden and highly dangerous and two little boys were left behind at night by those who had taken them out. Eugenia is no place to dump a hundred little tots and allow them to look out for themselves. Some of the little boys did not get anything to eat and were ravenous when they got home. Parents who could not accompany their children will be justified in refusing to let their little ones attend a similar outing at Eugenia.

Mr. Frank VanDusen of Toronto was in town last week.

There is likely to be a large exodus on Thursday to Owen Sound from Flesherton if the weather is favorable. The big attractions there appear to be drawing the mind of the people that way.

The Rock Mills Ladies' Aid will hold an ice cream social, ball game and a good program at the home of Mr. Alex English on July 8th. Ball game called at 6.30 sharp. Admission 25 and 15c.

The anniversary services in Chalmers church on Sunday, July 4, will be conducted by the pastor, Rev. Mr. Fowler, at 11 a. m. and 7 p.m. The evening service in the Methodist church will be withdrawn.

In LE MISERABLES Victor Hugo pourtrays the worst man as possessing the divine spark that no influence can extinguish—which God guards and feeds, making it incorruptible in this life and immortal in the next—To be shown at the Regent Theatre, Markdale, on June 30th and July 1st.

Charley Stewart, the twelve year old son of Mr. and Mrs. John Stewart, west back line, died on Monday morning of diphtheria, the funeral taking place the same day. Charley was a bright, loveable boy, and his death is keenly felt by the parents, who are the recipients o much sympathy.

The county stone crusher is here from Proton at last, having been brought up on Monday. The road from the village limits to the station is now graded and waiting for the stone facing. Mr. Purvis has done a fine job. He was desirous of making a record on the road from Rock Mills to the station, but owing to the holdup of machinery in Proton he has been considerably handicapped. However, he still hopes to make a good showing on this road if the men are available.

A week or so ago the authorities here received notice from the Hydro Commission that our rates for power and light would be more than doubled. The mimimum here for lighting has been 50c., which has now been raised to $1.25. Other towns around us have been boosted to only one dollar. Why we are charged more than the other fellows has yet to be explained, and information on this head has been requested from the commission. The power rates have also been raised. Has the day of cheap electricity forever passed? Or is the commission temporarily infested with the profiteering bug?

Several U. F. O. members appear to have been approached with something in the nature of a bribe, and the member for north Grey announcse himself among the number. They all refuse to give details, and the public is therefore justified in believing that the cases are trivial and scarcely worth getting excited over, therefore the reluctance to give details. The Advance is informad that in Mr. Taylor's case it was altogether in the nature of a joke. A gentleman who did not want a certain position that was open, made a proposal something in this way: "Taylor, I'll give you a thousand if you land that job for me." At the same time he was not in a position to take the job, and did not want it if he was. It was jokingly said and understood. But Mr. Taylor evidently likes to make a mystery over it to get himself talked about.

Pasture—300 acres of the best of pasture, well fenced. Cattle taken by the month. Herb Corbett, Cloverbrae Farm, Proton.

Owing to prohibitive hydro rates Mr. Henry has been obliged to make a change in his power and will be shut down for a week, beginning July 1, to make the change back to waterpower It seems too bad that after the very heavy installation expense Mr Henry should be knocked out in this way.

The Flesherton Bible Depository has just placed in stock the largest selection of Bibles and Testaments ever shown here, ranging in price from a few cents to five dollars. There are some very fine gift books and family Bibles in this lot. The Depository is kept at The Advance Office.

The dance given by the Glee Club in the high school on Monday night was largely attended and an excellent time spent. It was pronounced by several outsiders as the best they have attended in years. The hall was artistically decorated and excellent music was supplied by Kelly-Miller orchestra of Owen Sound. A dainty lunch was served.

A garden party will be held at the park at Eugenia on July 1st, under the auspices of the Presbyterian church. Program will commence at 2.30 p.m. There will be foot races, a baseball match between married and single men, soft ball and other games. Supper will be served from 5 to 7 p.m. Admission 50c and 25c.

One morning last week Mr. Tom Fisher of Rock Mills woke up and discovered a tent pitched in his yard. On investigation he discovered that the tent contained Mr. Wm. English and sister, Mrs. Wm. Clark, of Parma, Idaho. They had started in a car and rode 2200 miles to the Sault, camping on the way, where they put the runabout aboard the boat and came to Collingwood, then motored up from there. Arriving in the middle of the night they pitched tent for the last time and gave the relatives a genuine surprise in the morning.

Regan—Bannon

The Parkdale Presbyterian Church at half past eleven o'clock was the scene of the marriage of Reta May, eldest daughter of Mr. and Mrs. W. Buskin, 178 Dowling Avenue, to Mr. John E. Regan, of Toronto, the Rev. Logan Geggie officiating. The bride, who was unattended, was given away by her father. She was wearing a gown of brown silk faille with georgette hat. After the ceremony Mr. and Mrs. Regan left by boat for Niagara Falls and Buffalo to spend their honeymoon, after which they will reside at 21 Marion St.
