A bad accident, and one that might easily have resulted fatally to two men, occurred at Priceville on Thursday last. Mr. Win Large of Eugenia is erecting a bungalow for a Priceville citizen and had Mr. Herman McLean assisting him. The men were on a scaffolding at the peak of the building. This scaffold was attached to a window jamb which it appears had not been fastened to its place. The jamb came out and allowed the scaffold to fall. Mr. McLean fell on a roof and rolled to the ground, breaking his collar bone. Mr. Large was throwu clear of the roof to the ground and was picked up unconscious, in which condition he remained for some time. Fortunately he had no bones broken. The shock was a severe one, and he was pretty badly bruised and shaken up by the fall, but it is expected that he will be all right in a few days.

Rev. and Mrs. Belfry and son, Ralph, visited with friends in Guelph last week.

The new Ontario anti glare head light law was given the assent of the lieutenant governor May 19. It will therefore come into effect automatically July 19. The motor vehicles of the province must have the head lights equipped with approved anti glare lenses or devices by that date. Hon. F. C. Biggs, minister of public works and highways, assures us that the law will be vigorously enforced. A penalty of from ten to fifty dollars is provided in case of non compliance. The government is determined that within a short period of time every motor vehicle shall be equipped with approved non-glaring devices.

Wm. Davis Dead

Wm. Davis, a highly respected citizen of Artemesia, died very suddenly at the home of one of his daughters in Toronto, where he had been visiting, on Sunday last. Mr. Davis had not been feeling well for some time but was not considered to be in imminent danger. He was for a number of years trustee of Flesherton public school, belonged to the Orange order, was a Methodist in religion and a Conservative in politics. The remains were brought home from Toronto on Monday and interment took place to Flesherton cemetery on Wednesday afternoon of this week after an impressive service in the Methodist church. The deceased gentleman leaves behind, besides his sorrowing widow, seven children and one brother, the sole survivor of his family, to all of whom much sympathy is extended. The children are Wesley and Ern., of Castor, Alta., Thomas of Toronto, Glen and Will at home; Winnie (Mrs. Gordon Badgerow) and Laura (Mrs. Clinton Kennedy) of Toronto. Mr. Davis was born in Leeds Co., Ont., and married Miss Letitia Emma Smith of the same county, together moving here about 45 years ago. His age was 71 years, 4 months

Forced Assignments Now

By the new Insolvency Act which came into force on Thursday last, July 1st. all assignments must be made to trustees whom the Government is appointing in every county. Just whom the Legislature has picked on for this job in Grey has not yet been announced, but heretofore a man could bust up and assign to whoever he liked. In future the busting must be done in a refined manner and to a specified agent. Under the old order a business man could run along evading his debts and dodging his creditors for a considerable spell and still keep his sign up, his piano tuned and everything looking and sounding all right. He might be sued and judgments enough to paper a house recorded against him, without interrupting greatly his operating capacity. But under the new order an interested creditor who cannot get a settlement can force him to a showdown, by applying to the trustee for an order to wind up the estate. The result will be that the deadbeat debtor will be eliminated before he stings all on the voters list. The tendency will be to put things more on a cash basis, a thing tha most business men will welcome and something that only the slowpays and deadbeats need go into mourning over—Meaford Express.

Talk about profiteering! We sent the "devil" up to a local Jew's the other day for fifty cents worth of rags for cleaning presses with. The bag he took along was only in the way, for what he got weighed exactly one and three quarter pounds. Just keep this in mind when the next Jew comes around and wants to buy your rags at half a cent a pound.—Listowel Banner.

Use B-H Paint—it Pays

B-H Paint will withstand the severe "climate test" of many hard Canadian winters.

Speaking more definitely still, there is one paint that carries a 100% guarantee on every can.

B-H "ENGLISH" PAINT — 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills.

Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H-guarantee of quality and permanence—neither will *you* have the certainty that a gallon will show the greatest covering capacity.

Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower.

Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains.
