LOCAL PARAGRAPHS

Mr. and Mrs. F. Williams left Athens yesterday for Gouvernour for a visit with relatives.

A Strange Bedfellow.

Several bear stories have arrived here from Warburton this fall in which altogether eight bears have figured. The latest appears in the Gananoque Journal and indicates that it is pretty nearly time for the writer to "swear off." The Journal says: We are in receipt of the following from W. S. Lloyd, dated Charleston, 17th int.: "While camping out at McCready's Point. I was awakened one night by the cold and reaching out for a buffalo robe to put over us my hand encountered something wooly, and on sitting up I saw a cub bear lying across Mr. Ferris' breast. I gave the alarm, and we all jumped up, but during the excitement the bear escaped."

Trouble at Greenbush.

The usually quiet little hamlet of Greenbush has of late been obtaining an unenviable notoriety for social and domestic infelicities. Saturday's Recorder gives the result of the latest difficulty as follows: The magistrate had an exciting time this morning settling the disputes between Mrs. Forsythe and the Wing family of Greenbush. Mrs. Forsythe laid two charges against Mary Ann Wing. One of using insulting language, the other of assault. The defendant pleaded guilty to both, and on the former charge was fined $5.40, and the other $5.20, including costs. Two charges were preferred by the same complainant against Frederick Wing. He paid $5.10 for assaulting Mrs Wing's son Wilbert, and $14.10 for pointing a pistol at him.

Make a Note of It.

The Rideau Record contains weekly contributions of a high-class character from the pen of one signing himself "Argus." Last week in speaking of the elements that have secured Smith's Falls its prosperity and commercial distinction, he gives his opinion of advertising as follows: All or nearly all, our merchants advertise, because in the first place it is a duty they owe to themselves, secondly, because it is a duty they owe to the public and thirdly because it pays. It is a duty they owe to themselves because they have certain goods to sell, and the newspaper is the best medium to tell it. It is a duty they owe to the public who always want to know what to buy and where to buy it. In a town like this continually receiving new visitors it pays as those who advertise can testify. Strangers rarely enter the store of a man who never advertises, because they don't know what he sells, and whether the concern falls or not it will always be found that the better the advertiser the larger the business. The advertiser who fails knows his own business, but he will never ascribe his failure to the sum paid for advertising. Therefore I say advertise now and always advertise.

Prices street has a new sidewalk.

Prof. Johnson, the phrenologist, did a good business in Athens last week.

The four classes into which the students in training at the Athens Model school are divided now wear handsome distinctive badges.

Many lovers of fall fishing at Charleston will be pleased to learn that Mr. and Mrs. Harry Johnston are again in charge of Cedar Park.

The track on the Frankville fair grounds is in prime condition and good races will take place there on Thursday and Friday of this week.

Ed. Agnew is not satisfied with the result of the green race at Unionville, thinking that his horse did not receive a fair, show at the start of the third heat, and he challenges the winner (Frank Clow) for a race for $100 on a good half-mile track. He has deposited $50 as a guarantee of good faith.

The sixth anniversary of the opening of the new Baptist church in Athens will be commemorated with appropriate services on Sunday and Monday, 7th and 8th of Oct. An energetic committee are now working to make the anniversary a social and financial success.

It now looks as if Geo. Taylor, M. P., and J. Lockie Wilson, the Patron leader, would get a date fixed for a personal and political discussion. Mr. Wilson's speech at Singleton's Corners is replied to by Mr. Taylor in last week's Gananoque Journal, and the reply contains a challenge for Mr. Wilson to meet him at some point in Leeds Co. and discuss all matters of difference between them. Each party to the controversy is to have a half-hour in turn; time limit, about five hours. Mr. Wilson will probably accept the challenge. It will be a great meeting and from the tone of Mr. Taylor's letter it looks as if he intends that it shall be a fight to a finish without gloves.

Kidney Facts.

In Jan., 1892, my son was taken with Kidney disease. Though attended by three physicians, and change of climate he grew worse and by '93 had fallen from 195 lbs. to 95 lbs. In 10 days from starting to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In 4 months he gained 50 lbs. and was fully restored to health by the use of this medicine. Jno. S. Hastings, 23 St. Paul st., Montreal.

Resolution of Condolence.

ADDISON, Sept. 18, 1894.

MR. AND MRS. H. S. MOFFATT.

DEAR FRIENDS,—Whereas it has pleased Almighty God, the great Geometrician of the Universe, to take unto himself your only beloved daughter, Ethel, we, the officers and members of Addison Lodge No. 358 A. O. U. W., desire to place on record and tender to you and your sorrowing companion our heartfelt sympathy in this the hour of your sad bereavement. May you look to Him who alone can comfort and sustain, and that bye-and-bye you may meet and greet your loved one where parting is no more.

Yours in C. H. P., Signed in behalf of Lodge,

S. Y. BROWN, M. W.
CLARENCE HAWKS, Recorder.

Manitoba Crops.

A correspondent writing from Deloraine under date of Sept. 13, says: The weather throughout Manitoba is fine and the harvesting is completed, and threshing will be completed by the middle of next week. The crop has been a light one. The wheat did not grow more than 20 inches high and will not average more than 12 bushels per acre over the province. The quality is good generally, but in some rare cases there is a little smut. The prices are low, elevator men only paying for wheat from 33c. to 40c. Oats were a very light crop in most sections, being sown late and very little rain fell during the whole summer. At Nepawa and Salisbury, where they were hailed out last year, they have a large crop this year. They had rains in June and July, and their crops will average about 30 bushels, but many in other sections will only have about six bushels per acre. Oats are quoted at 15c.

That Open Letter.

The particulars of a remarkable cure of consumption, after the patient had reached the last stages, related in the article published in the Reporter last week under the heading "An Open Letter from a Prominent Physician," has caused much comment. It is well known that physicians, as a rule, are averse to speaking words of praise for an advertised medicine, however meritorious it may be, and when one of them casts this prejudice aside and gives in plain unvarnished language the particulars of a case that must take rank among the most remarkable in the practice of medicine, it is not only a noteworthy triumph for the medicine in question, but also reflects credit on the physician, who has cast aside his professional prejudices and gives the result of his use of the medicine for the benefit of suffering humanity. In the articles published from time to time, vouched for by reliable newspapers, the public have had the strongest evidence that Dr. Williams Pink Pills for Pale People is a medicine of remarkable merit, and now to these is added on the authority of a well known physician, over his signature, the particulars of a cure of consumption through the timely use of Dr. Williams famous Pink Pills. It cannot be too widely known that a remedy has been found that will cure this hitherto deadly and unconquered disease, and if any of our readers have not read the article to which we refer we would advise them to look up last week's issue and give it a careful perusal. The facts related may prove of valuable assistance in a time of need.

Fall Fairs.

Ottawa	Sept. 21-29
Delta	Sept. 25-26
Frankville	Sept. 27-28
Prescott	Sept. 25-27
Lyndhurst	Sept. 27-28
Almonte	October 2-4
Lansdowne	October 3-4
Smith's Falls	October 4-5

Hands and Ankles Raw.

For years I have been a great sufferer from itchy skin trouble and salt rheum. My hands and ankles were literally raw. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half cured me. It is also instant relief for chilblains. Henry A. Farmenter, St. Catherines, Ont.

ACCIDENT AT THE FALLS.

A New Jersey Woman Run Over by a Trolley and Instantly Killed.

NIAGARA FALLS, Sept. 17.—The most fatal accident occurred on the Niagara Falls Park and River Railway electric road on Saturday, Miss Elizabeth Edgar, of Plainfield, N.J., aged 60 years, being the victim. The lady had been visiting her niece, Mrs. C. M. Morris, of Buffalo, and the two ladies came down from the city to spend the day at the Falls. After riding to Queenston they returned to the Clifton house. The two ladies walked up through the parkto Inspiration Point, about mid way between the Falls and Clifton house. Mrs. Moore returned to the Clifton house to get a carriage for a drive, leaving Miss Edgar in the rustic building at Inspiration Point, where she remained until she saw her niece approach in a carriage up the drive. She walked towards the carriage, crossing the double tracks of the electric road. A trolley car with trailer was approaching from Chippewa at a rapid rate, but was apparently not seen and certainly not heard by Miss Edgar, as she was very deaf, and in the direction she was walking the sun shone in her face.

The cars struck her squarely, both passing over her body, nearly severing the head from the body. Mrs. Moore, who was a witness of the whole affair, was about the first to reach the body after it was taken out and placed upon the grass.

The park officers, Drs. McGarry and Connor, and the railroad officials were quickly on the ground. Superintendent Wil
