There's lots of work to be done.
We are eager to get at it . . .

The war interrupted the normal expansion of Bell Telephone service. Just as soon as men and materials are again available, nearly 70,000 deferred applications must be filled. Work will be resumed on conversion to dial telephones, on rural expansion, on extension and improvement of present services, on restoring equipment reserves.

It all means people at work—not only our present employees and those now in uniform, but *more besides.*

Kate — "Where did Mabel get that awful hat?"

Ann — "She won't tell. I think it is a millinery secret."

"If you kiss me again, I shall tell father."

"That's an old tale. Anyway, it's worth it," and he kissed her.

She sprang to her feet. "I shall tell father," she said, and left the room.

"Father," she said softly to her parent when she got outside, "John wants to see your new gun."

"All right, I'll take it to him," and two minutes later father appeared in the doorway with his gun in his hand. There was a crash of breaking glass as John dived through the window.

What every housewife should know . . . about SUGAR FOR CANNING

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year . . . jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

HOW TO GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserves coupons in Ration Book No 5 are being made available for the purchase of sugar for canning.

These coupons are good for half a pound of sugar each or the stated value in commercial preserves, for they are the same as any of your preserves coupons.

You may use any other valid preserves coupons to purchase sugar, also at half a pound each.

No exchange is necessary. Your grocer will accept any valid preserves coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar, and the preserves coupon, worth half a pound of sugar.

USE ONLY AS REQUIRED

The twenty extra preserves coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserves coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.
