Different races do not clash so long as they run side by side towards one goal.

Canada's strawberry crop in 1944 was 10, 736 quarts, down considerably from the 16,310,000 in 1943.

PRICEVILLE

A large congregation of St. Andrew's Presbyterian Church met in the basement of the church, Tuesday night of last week to spend a social hour with Rev. and Mrs. Rumball and daughter before leaving for their new field at Englehart, Northern Ontario. Mr. Archie MacCuaig acted as chairman and presided in very capable manner. Community singing was enjoyed and Rev. and Mrs. Rumball sang a lovely duet. Mrs. Dan Campbell gave a humorous reading entitled "Wanted, a Minister's Wife" and several contests were enjoyed. At an appropriate hour Rev. and Mrs. Rumball and Janet were asked to come forward, when Mrs. Archie MacCuaig read a complimentary address, expressing regret of their departure from our midst. Mr. John Nichol Sr. presented them with a substantial purse of money. Both Rev. and Mrs. Rumball voiced their appreciation of thanks to their many friends here. All joined and sang together. "For They Are Jolly Good Fellows".

Mr. and Mrs. Jim Sturrock spent Sunday at the home of Mr. Clifford Riddell. Hopeville.

Mr. and Mrs. John Calder, Larry and Lynda, Holstein, visited Sunday at the home of A. L. Hincks.

Mr. and Mrs. Alex Carson spent a few days with their daughter, Mrs. Gerald Magee, Eugenia.

Quite a number attended the dance at the home of Mr. and Mrs. John McMillan (formerly of Priceville) in Durham on Friday night. Mr. and Mrs. M. McFadden, Flesherton, and Messrs. Leonard and Tom McKeown supplied excellent music.

We are pleased to have our new minister, wife and two little daughters, Mararet and Gayle, who arrived Friday from the west and took the service here Sunday morning and all enjoyed Mr. Hallowell's address. They had the pleasure of meeting Rev. and Mrs. Rumball just for a few hours before they left.

NOW IS THE TIME TO BUY YOUR

New Spring Suits, Coats, Dresses, Hats

NEW STYLES ARE CONSTANTLY ARRIVING. SHOP REGULARLY FOR BEST CHOICE.

LADIES' COATS
Many new styles to choose from. We are sure your coat will be here if you are looking for a smart style and at a popular price.

Opportunities for ALL

YOUR Liberal Government under Mackenzie King has taken practical steps to see that every Canadian after the war shall have a wide-open chance to make a real success of his life. It can be done by giving everybody the opportunity to get ahead faster and go further.

Isn't that what you want — a chance to make your own way IN your own way?

Here are definite, practical steps which the Liberal Government has taken (not just talked about, but *taken*) to make this Canada a better place to work in and bring up your children.

You will have to decide whether you want the men who devised these measures to carry them through, or whether you wish to entrust your own and your family's future to others.

Rt. Hon. W. L. MACKENZIE KING, Prime Minister

1 Reconstruction
Plans for jobs for 900,000 more workers than in 1939; and 60,000 more each year as the population grows. Every kind of enterprise will be encouraged. The Liberal Government has already set up the machinery: the Department of Reconstruction.

2 Foreign Trade
Liberal objective: Sixty percent increase in value over Canada's pre-war export trade. This means thousands of jobs, and is based on the number of jobs created by Canada's normal export trade.

3 Credit for Enterprise
The Liberal Government set up the Industrial Development Bank to provide money at low interest for long terms to help enterprising Canadians to develop new business. Another step towards creating full employment.

4 Exports Encouraged
War-torn countries will want to buy tremendous quantities of Canadian goods. To facilitate this, the Liberal Government has set up the Export Credit Insurance Act to do two things: (1) to insure Canadian exporters against loss, and (2) to make loans to foreign governments under contract to Canadian exporters.

5 Farm Improvement Loans
Your Liberal Government has made low interest loans available to farmers to finance their work and make improvements.

6 Guaranteed Markets
To provide farmers with a better wartime income, the Liberal Government made contracts for definite quantities of important products at agreed prices—notably bacon, eggs, cheese and beef. These contracts have worked out so well the Liberal Government extended many for longer periods.

7 Family Allowances
From July next, Family Allowances are to be paid monthly to assist parents in raising their children—$250,000,000 a year direct spending power in the hands of people who need it most.

8 New Homes for Canadians
The Liberal Government's new $400,000,000 National Housing Act enables hundreds of thousands of Canadians to own their own homes. In the first year after Germany's defeat, at least 50,000 dwellings will be built.

9 Returning Veterans
Gratuities, benefits and grants of $750,000,000 will enable men and women of the Armed Services to apply their energies in building the prosperous Canada for which your Liberal Government has been planning.

10 Floor Prices under Fish and Farm Products
To protect farmers and fishermen and to maintain prices, the Liberal Government has provided floor prices under their products. Prosperous farmers and fishermen make a prosperous Canada.

11 Better Labour Conditions
In co-operation with organized Labour, the Liberal Government has confirmed collective bargaining, provided unemployment insurance, appointed labour representatives on government boards. (More than 600,000 workers, because of the Liberal Government's attitude towards Labour and the labour movement, now get annual vacations with pay.)

12 Reduction in Taxation
The Liberal Government will gradually reduce taxation when the European war is over to free spending power and to give Canadians every opportunity for prosperity, employment and freedom.

What you have done in war—you can do in peace. You can do your part by supporting the Liberal Candidate in your constituency.

VANDELEUR

(Intended for Last Week)

A wedding of interest to people of this district took place at the home of Mr. and Mrs. Dane McGee on Wednesday afternoon, April 25th, when their second daughter, Joyce was united in marriage to Pte. Russell Harvey, son of Mr. and Mrs. Mitchell Harvey of Euphrasia. The best wishes of a large circle of friends are extended to the young couple on this happy occasion.

Under the auspices of the local farm forum, a bee was held in the Community Park on Saturday afternoon, April 28th. About 500 trees. (Norway spruce) were planted and some general improvements were made around the Park and the Community Hall. About 20 men and boys were in attendance.

Miss Myrtle Fawcett spent a few days in Markdale with her sister, Mrs. Harold Hutton and family.

The sympathy of the community is extended to the friends and relatives of two former residents of this place who passed away recently. Mrs. Adam Hislop was for many years a highly respected resident and lived on the farm in the valley until she moved to near Singhampton. Charlie McCallum was born and grew to manhood at the old McCallum home, at the south end of the community, now owned by Mr. John Flynn. He had been living for some time in Owen Sound.

Two real estate deals took place here recently Mr. Mac Radcliffe has purchased the 100 acre farm on the townline from Mr. Cecil Smart and Lorne Ormsby has purchased the 50 acres known as the old Gilbert farm from Mr. Howard McGee.

RATION NEWS

Coupons now valid are butter 90 to 106, sugar 46 to 57, preserves 33 to 46.

Valid coupons in book five have as yet no expiry date.

"P" COUPONS

The first "P" coupon good for the purchase of preserves or canning sugar will become valid on June 21st, according to an announcement by Wartime Prices and Trade Board officials. The announcement has been made to allay fears of the housewife that sufficient coupons would not be forthcoming. Each orange preserves coupon and each yellow "P" coupon is good for one-half pound of sugar or the regular preserves ration. This year consumers are allowed 10 pounds additional sugar for canning purposes.

The first step towards more unity is to step on our own pride.

That's the $64 question today, but we will be glad to give you the answer. If you are eligible to buy new tires, we recommend the new Dominion Royal. "There's no finer tire built." But if you are not eligible, let our expert tire men build new life and more mileage into your present tires.

LET US PRESERVE THE CANADIAN WAY OF LIFE

he Brewing Industry of Ontario is supporting the Canadian services in a striking and effective manner. Using space in the press for illustrated advertisements, their current, continuing appeal is directed at people on the home front to preserve "The Canadian Way of Life", and as a means to this end a primary consideration is to protect the Canadian dollar so that it will buy a real dollar's worth of goods when the boys come home from fighting abroad. To achieve this what we must do, all of us, is to fight inflation all along the line. The press carries these striking advertisements and the press, generally in favor of temperance, gives support to these Government approved issues. The text of the advertisements stresses the fact that thoughtless, unnecessary and uncontrolled buying invariably tends to rise in prices. As prices go up, wages rise and the value of the dollar goes down. We had a dose of this after the last war. It must not happen again and we can certainly prevent it.

Putting into concise form the means of upholding the dollar's value, the advertisements suggest a public pledge for each individual to fight inflation: "By observing rationing and avoiding black markets in any form. By respecting price controls and to refrain from careless and unnecessary buying. By buying Victory Bonds and War Savings Stamps and abiding by all measures that will keep prices at a normal level." The appeal is put in simple terms that can be understood by everyone. The danger point is approaching with the end of the war in sight. The sponsors of these appeals are using money to good advantage and rendering a national service of great importance in these very critical items.

Bad practices don't stop when we condemn them, but only when we practice something better.

Damning the system, often enough, is just our way of dodging its responsibilities.
