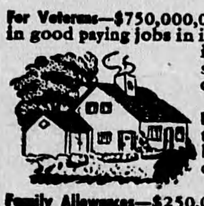
Liberal Working Plan

for Full Post-War Employment...

For Veterans—$750,000,000 to get them started in good paying jobs in industry, on the land or in business for themselves as each of them chooses.



Housing—$400,000,000 to finance the biggest building scheme this country has ever known.

Family Allowances—$250,000,000 a year to lessen the burdens of parenthood and to equalize the opportunities of young Canadians for success and happiness.

Export Credits—We've got to have exports if we're going to have jobs. Your Liberal Government has arranged to finance war-wrecked countries who will be good customers later.

Industrial Development Bank—Your Liberal Government has set up machinery to help enterprising Canadians develop new business.

Farm Loans—One man in every three in Canada works on the farm. To help them get better equipment, your Liberal Government has arranged that they can borrow the money they need for better working and living conditions.

Floor Prices—The Liberal Government's policy is that when farmers and fishermen prosper, so do other Canadians. It has therefore taken action to put a floor under the prices of farm and fishery products.

Reduction of Taxes—Your Liberal Government believes in jobs first. To this end, taxes will come down to free spending power.

* * *

These are just some of many *steps in the Liberal Government's Working Plan to ensure full employment after the war. In addition it has stimulated tremendous private savings in Victory Bonds and War Savings Certificates; put through Unemployment Insurance, set up a special Department of Reconstruction staffed by experts. In fact* all *its policies are directed to the same end—a "high and stable level of employment and income."*

JOBS! Jobs with bright futures for the young men and women coming out of the Armed Services with the best part of their lives before them! Jobs for all! Jobs with big prospects and good, reliable money that will keep its buying power! After all the hard work, sacrifice and self-discipline which has brought us through the war, the people of this country have earned a brighter future in a better, juster, grander Canada than we have ever known!

LOOK how much Canadians have accomplished, here on the home front, *even without* the energy and initiative of all the vigorous young people now in uniform, and their zest for daring! What is there Canada can't do with them back on the home team? Why, with their help, we Canadians are headed full speed for the greatest period in our history!

THE all-important question today is the civilian staff-work and leadership which we call "government." The Liberals have a working plan. It's big and bold! Parts of it are outlined for your judgment in the left-hand column. It has been designed with the aid of the keenest minds in every phase of industry, agriculture, labour and learning. The plan will work. In fact it is already bringing results. It will continue to do so! The Liberals can tell you this with confidence because they have had successful experience in operating nation-wide plans.

VOTE for your Liberal candidate. Make sure the team which made this plan for full employment shall see it through—and *win the peace!*
