SALES AND DELIVERIES OF GOODS

Regulations forbidding the delivery of goods under a certain value and restrictions governing exchanges and refunds have been revoked by the Wartime Prices and Trade Board. officials in the regional office reminded merchants and the public following the reporting of some confusion. Merchants are now free to effect their own policies regarding deliveries and exchanges or refunds. Under the previous regulations the delivery of articles valued at less than $1 were forbidden, except in certain specified cases. Refunds were permitted provided the goods were returned within 12 days. Now each merchant may adopt and carry out his own program with respect to these phases of his business.

ELECTRICAL WORK

I have completed a practical Electrician's course and have been granted a permit by the Wartime Prices and Trade Board to do electrical wiring and make repairs to all types of electrical equipment, including motors.

Due to conditions brought on by the war, materials are in short supply and in great demand. Under these circumstances I will try and serve you to the best of my ability.

FULL EMPLOYMENT AT FAIR WAGES
is
the Foundation of all True Progress

"The people of this nation are tired of the delay in correcting the weaknesses that have developed in our system . . . We must correct these obvious weaknesses in the economy we have, by rationalizing it — not by wrecking it. We must maintain the system which gives full play to individual initiative, and a fair return to all legitimate enterprise which provides employment; and the State, by just laws relating to workers, must see to it that at no time shall there fail to be provided the opportunity for a fair day's pay for a fair day's work for every one of our fellow-citizens in this Dominion who is able and willing to work."

John Bracken

We mean to see that every Canadian citizen able to work has the opportunity to work at fair pay.

- **RATIONAL REFORM**
- **MAXIMUM PRODUCTION THROUGH THE FULL DEVELOPMENT OF OUR NATURAL RESOURCES**
- **FULL EMPLOYMENT AT FAIR WAGES**

These are the pledges of the Progressive Conservative Party.

For full employment embracing all Canadians of every Province,

WE WILL:

- Help individual and co-operative enterprise to increase employment by revising crippling tax systems, by removing controls and regulations which slow down the expansion of legitimate enterprise, and by improving relationships between the Government, Labour and Management;
- Establish a National Development Board responsible for plans for full production and employment, as well as the preservation of our natural resources;
- Increase our trade by establishing an Export Board, by aggressive salesmanship abroad, by continuation of mutual aid until no longer necessary and by provision of trade credits to economically backward countries;
- See that the powers of the Bank of Canada are used to supply ample credit for an expanding economy;
- Undertake a carefully planned programme of socially desirable projects, such as low-cost rural and urban housing, rural electrification, conservation and reforestation, the development of natural resources — all on a national basis.

These Progressive Conservative policies are carefully and confidently pointed at a practical national objective — the realization in our time of an age of plenty.

Only the Progressive Conservative Party, with its far-sighted policies for the co-operative development of every part of Canada to new heights of prosperity — a prosperity in which ALL Canadians shall share fairly and honorably — only this Party faces the challenge of the future with abiding confidence in the ultimate realization of the *practical* objectives embodied in its *practical* policies for full employment at fair wages.

JUST PLAIN SENSE!

The Canadian people have made a magnificent contribution to the common victory in Europe.

The Liberal administration can say with honesty and justice:

This is the Government which has directed Canada's war effort at home and abroad.

This is the Government which *during the war* worked out a program of full employment and social reform.

These things are now a matter of record and of common knowledge.

On the basis of its record the choice of Prime Minister King's party to form the next Government of Canada is a matter of just plain sense!

Let the Liberal Government finish its work
