FATHER AND SON SERVICE
Subject: "The Fatherhood Among Men."

"O COME LET US WORSHIP"

Our ability to instal telephones depends not on instruments alone, but also in many cases on obtaining wire, cable and exchange equipment. Even when we can secure necessary manpower and materials, it will take time—it might be months—to instal all the apparatus necessary to serve our waiting applicants.

We shall lose no time, you may be sure.

We are grateful for the patience and understanding of so many who have had to wait so long for telephone service.

ORANGEVILLE, ONTARIO

"Here comes our cheque Mummy!"

All over Canada, in cities, towns, villages and on farms, hundreds of thousands of men and women watch for the postman to bring dependents' allowance cheques as other people look for pay-day. They are people of all ages whose breadwinners are away on active service. They include returned men not yet back in civil life.

And soon there will be hundreds of thousands more back from the war. They will receive cheques to help them buy civilian clothes, to go to college, to get technical or vocational training, to start in business for themselves, or to set up as farmers or fishermen.

The banks have to be prepared to cash all official cheques for these and a dozen other purposes—and to do so anywhere in Canada without charge. In fact, the banks supply Canada with the nationwide machinery to facilitate a grateful country's plans for restoring service men and women to civilian life.

This is a tremendous task. It will entail a vast amount of bookkeeping. But you can be sure that your banks will take it in their stride without impairing regular banking service.
