The Taco Range

A Range of pleasing and handsome appearance. The plain smooth castings are very easy indeed to keep clean. Large perfect baking oven, smooth silvery nickel, large fuel saving fire box, clean dust proof warming closet, dual pipe damper, ash pan door with slide, reservoir trunk enclosed in cast iron casing.

The "Taco" will appeal to the most discriminating buyer as a leader in its class.

Don't content yourself with the knowledge of a "Taco" superiority you gain in reading about it but make it a point to see the value in this range with your own eyes.

Advance is a Better Name

An Ontario newspaper suggests the advisability of all papers whose names are The Times changing to some other title. Within the last few months the Hamilton Times, Toronto Times, Brockville Times, Peterboro Times, and Owen Sound Times have ceased publication or have been absorbed by their competitors. That's nothing new. The Times are always changing, says Durham Chronicle.

Now is the time to renew your subscription to The Advance.

To the Electors of Artemesia

Ladies and Gentlemen,—I beg to thank all those who supported me at the recent election. This expression of your unshaken confidence in me is, I assure you, fully appreciated. Although the choice now rests with another I have no regrets for having spent many of the best years of my life in the service of my native township, and the consciousness that the service has been impartially and faithfully rendered, and that the finances and business generally of the municipality is in first class shape for my successor is, to me, a satisfaction infinitely greater than success at the polls. My hope and trust is that old Artemesia will go on and prosper and advance morally and materially to such a way that each will feel proud to be numbered among her citizens. Sincerely yours, —T. R. McKENZIE
