A beautiful white swan was captured recently at Mildmay. The bird was noticed by some lads and after a short chase it was captured. It had been injured in the wing, presumably by gunshot, and as a result is not very lively. It is receiving good care in the hope that that it may fully recover. Herrgott Bros., who have the swan in their care, say it is quite tame, and may have recently escaped from captivity. It is a lovely bird and weighs about 15 lbs.
