HOCKEY

The hockey match played here Thursday evening of last week between the Flesherton and Owen Sound teams was the most keenly contested game seen here in years. The ice was soft, but that did not prevent a good exhibition of hockey No goals were scored in the first period and in the second one goal was scored by Flesherton. In the first half of the third period the home team seemed to lose their wind and Owen Sound scored three goals. In the last half, however, Flesherton "came to" and got in one goal and another which the referee failed to see, although it can be sworn to by dozens. When the goal umpire for Flesherton claimed this goal the high and mighty Umpire Mitchell, special friend of the Owen Sound coach, and who was visiting his friends there on the day of the match grabbed hold of the umpire's arm and ran him off the ice Some autocrasy, eh! This goal would have tied the score and the referee had no time to fritter away on a tie, as he wanted to get away on the night train to Owen Sound with his friends. It was a raw deal, but it is safe to say that Mr. Mitchell referees no more games on the Flesherton rink. And other teams will do well to make a note of this little idiosynchrasy in this referee's make up. Outside this one important factor in the game, the contest was a clean one and good hockey was played throughout. But the score should have been a tie, not 3 to 2, as it was.

Owen Sound defeated Flesherton on the former's rink on Monday night by the score of 10 0. The locals were very unlucky in shooting and the score is no indication of the play. This gives O.S. the group honor.

New Grain Competition

A new seed grain competition has been instituted by the Ontario Department of Agriculture, and one which it is believed will attract a great deal of interest. The competition has been taken up by the Agricultural Society here and entries can be made with the secretary any time now. The grain chosen for this contest is barley. There must be fifteen entries, and five acres of barley must be sown.

The standing crop will be judged first, but in this competition the threshed grain will also be judged in the bins or sacks of the competitors, the combined scores determining the final award. The cleaned seed will be judged either in the sack or bin on the premises of the competitor on or before Jan. 15th. The seed used by the competitors must be registered seed or, if this is not available, seed approved by the Provincial Seed Committee. There must be at least 75 bushels of barley in the bin.

Seven prizes will be offered. 1st $75, 2nd $60, 3rd $45, 4th $35, 5th $30, 6th $20, 7th $10, total $275. All competitors must sow the same variety of barley and arrangements have been made for supplying seed at reasonable price where necessary. Where registered seed is sown by a competitor the Canadian Seed Growers' Association will accept the field score of the field crop competition judge and will issue certificates of registration providing the field score warrants this. In other words the competitor becomes automatically a member of the Canadian Seed Grower's Association and may have his seed registered and catalogued, provided he has any for sale.

The large prizes offered for this competition are to encourage the production of high class seed of approved varieties and in substantial quantities.

Committed for Trial

Weber was charged with falsifying pay sheets for his own benefit last summer or fall. The accused had charge of cement work on county bridges and culverts last summer. County Solicitor Middlebro had charge of the prosecution and Crown Attorney Dyre also watched the case. Mr. Bernie, of Wright, Telford & Bernie, attended for the defence. The accused was committed for trial at the next Assizes, and bail was accepted in the sum of $4000. Mr. Weber is confident that he can clear himself of the charge when the proper time comes, and we sincerely hope that such will be the case.
