HOLIDAY PRESENTS, -Mr. W. E. Ellis has just received at his drug and stationery store a splendid assortment of Christ-mas cards, toys, books, fancy goods, etc., all of the latest and most elegant designs. which he will sell at the lowest possible

prices. (io and see him. - 65-3.

A Bir Yield.—Mr. James White, whose farm is about three miles from Coboconk, has sold to McDougail & Brandon Bros. three hundred bushels of long orange car-rots, all of which were raised on a quarter acre of land. The price paid was 35 cents per bushel, making \$105 for the lot. Who can beat this?

PERSONAL. In the Thunder Bay (Port Arthur) Daily Sentinel of November 20th we find the following paragraph: "As was stated in our columns yesterday Dr. Bryson will leave in a few days for the Arkansas hot springs. The worthy doctor, who has lived amongst us for over a year—with the exception of a few weeks this summer when he went below and became a Benedict—has received through his skill as a physician and M.D. a flattering share of public putronage, and this will doubtless or renewed upon his return in the spring. He has been in indifferent hearth for the during the winter."

A Town Halin-It is the intention of

the village authorities to build a town hall on the market square as soon as possible, and it will probably be commenced next soring. It is not only high time that Fenelon Falls had a public building in which to hold council meetings, etc., but Judge Dean has declared that division court shall not again be held in the village until some suitable place is provided. The contemplated building will probably cost about \$2,000, and as the corporation is to receive \$3.00) from government for Water st., which was required for canal purposes the new hall will not impose any additional

burden on the taxpayers.

Blue CLAY.—About half a dozen teams are busy every day drawing blue clay, which is to be used for illing the space be tween the inner and outer walls of the coffer dam now being built at the lower end of the conal. About five hundred loads of it will be required and it will cost the contractors as many dollars, as Mr. John A. Ellis, from whose farm it is drawn, gets it has to be dug out and hauled three quarters of a mile.
