To All Blood Donors

Thank You

2,347,000 blood donations were made in Canada, 1,423,000 in Ontario, through the volunteer Blood Donor Service of the Canadian Red Cross Society since the first clinics were established in January, 1940. The lives of hundreds in the army, the navy and the air force were saved through this service.

This record was only made possible through your donations of blood. We wish to thank you sincerely for your generous help at a time when the need was so great. Special thanks are also given to the doctors, nurses, transport drivers and all other volunteers who gave so generously of their time and talents.

The Volunteer Blood Donor Service is now closed as a war measure. A new challenge is presented, however, for many deaths occur in Canadian hospitals each year for lack of an adequate transfusion service.

To meet this need, the Red Cross is making a survey with a view to providing all Canadian hospitals with blood for transfusion purposes. To our thanks, then, we add an invitation to help us as we continue our humanitarian work. When the time comes, and plans are ready, announcements will be duly made.
