DURHAM

We are in receipt of a big hen's egg, the product of the flock of Mr. Harry Holmes of town. The big fellow measures 7⅛ x 6¼ inches, and weighs 4 ounces. Mr. Holmes' hens are of the White Rock variety and large eggs with them are a regular occurrence.

The John E. Russell stone crushing plant is getting ready for the summer's work and will commence operations Monday next with about fifty men. During the winter the capacity of the plant has been doubled and it is expected that about 40 cars of crushed stone will be shipped.—Chronicle.

Don't Do t

Don't start the spring house cleaning and washing without THE RED STAR WASHER. A substantial built machine made of Cypress, (the wood everlasting), all metal parts galvanized to prevent rust, runs easily as the mechanism runs on bicycle ball bearing a slight paessure will send the fly wheel spinning. runs quietly as the gears are spiral shaped machine cut. The lid fits tight and keeps in the steam so that the water remains hot during the entire washing. Come in and let us show you.

Also Paints and Varnishes, etc., for house cleaning.

Road Not Wide Enough

A rather queer state of affairs has developed at Chatsworth on what is now known as the Chatsworth and Cookesville road, especially the portion of it leading through the village. The road was formerly known as the old Toronto line and is one of the thoroughfares included in the Ontario Government's plan for improving the provincial highways. The standard width for all provincial highways under Hon. F. C. Biggs' plan is 66 feet, but the portion of the road running through Chatsworth falls considerably short of the requirement. According to the stakes which have been put down by the Provincial surveyor the cement side walk and the watercourses on both sides of the road are on the provincial right-of-way. Nor is this the only difficulty that will have to be overcome. Mr. M. Ramage's house and several other buildings are said to encroach upon the road allowance and will probably have to be moved before work on the highway is completed.—News.

In Memoriam

Moore—In loving memory of Florence Matilda Moore, who died April 23, 1919.

We loved her, yes we loved her,
But Jesus loved her more,
And he has sweetly called her
To yonder shining shore.

—Father, Mother, Brothers and Sisters.

First it was freight and passenger rates, then express rates, and now an increase has been granted in telephone rates. The farmer finds that there has been a cut of more than fifty per cent. in the price he receives for his products, yet every big corporation which goes to the Government is permitted to take increased toils from the common people. —Farmers' Sun.

EUGENIA

The Guild entertained the Flesherton young people at their last meeting and enjoyed the debate given by the Flesherton Guild, subject being "which is the happier, the married or single man?" the married man winning. Games and music were part of the evening's program. A dainty lunch was served by the Eugenia young people. The meeting this week will be held in the Methodist church, the topic being taken by Rev Fowler

Mr and Mrs John Wickens entertained their friends and relatives one evening recently in honor of the 10th anniversary of their wedding.

Mrs Kernahan, of Toronto, is the guest of J K Jamieson at present.

Married at the Methodist parsonage, Markdale, by Rev Stanley on Wednesday March 30, Miss Florence Parliament, youngest daughter of Mr and Mrs Jacob Parliament of Eugenia to Lawrence Lyons, of Portlaw. After the marriage ceremony the bride and groom returned to the bride's home where a dainty wedding luncheon was served. The bride was prettily attired in dove grey silk crepe de chine with bead and silk embroidery trimming, her going away suit being of brown ladies cloth with blouse and hat to match. The young couple will reside on the grooms farm on the centre line. We wish them a long and happy wedded life. Monday evening following the wedding the people of Eugenia gathered at the home of the bride's parents and presented Mrs Lyons with a miscellaneous shower. The evening was spent in music and games and all enjoyed a pleasant time together.

Bertha Smith, of Owen Sound, visited her cousin, Nea Williams, during the past week.

The box social and concert given in aid of the memorial on Friday night was a good success considering the dark stormy evening. The program was a good one. Had the weather been favorable no doubt the hall would have been crowded. Gerald Large acted in the capacity of chairman and Robert Purvis handled the boxes in his usual bright and witty manner. The proceeds amounted to something over $35.

Herbie Haney has been under the doctor's care for the past two weeks. We hope soon to hear of his complete recovery.

Mr Wes Cooey has gone to Chippewa to work on the construction work with the Hydro Electric. What will the girls do now without Wesley.

The Eugenia boys organized their baseball team one evening last week with Charlie Park as Captain, Herb Betts as manager and Card Graham Sec.-Treas. We hope to see a good many good clean exciting games this season

In Memoriam

In loving memory of Mrs. M. Martin, who died April 17th, 1920.

Short and sudden was the call
Of our dear mother loved by all;
The blow was great, the schock severe.
We little thought her death so near.
Only those who loved can tell
How hard it is to say farewell.

— The Family.

FEVERSHAM

Presto, change! And behold our summer like weather changes and a cold wave blows over the country with cold winds and frost, but no snow of any account, so we may expect to wake up some morning soon with the sun shining warm again So mote it be, say we.

Cupid has again been shooting his arrows around here and has made targets of two of our estimable young couples. Neil Thomson and Miss Allie Lawlor, and W J Morrison and Miss Sylvia Thompson joined hands and hearts for the journey through life. After a short wedding trip to Toronto and other points Mr Morrison and wife will be at home on their farm west of Maxwell, and Mr Thomson on the McArthur farm east of Maxwell. The young couples' many friends join in wishing them a happy and prosperous journey through life.

While one of our sedate old villagers was driving out into the country one afternoon last week, he was set upon by two of our village girls and of course had to take them along. So you young fellows look to it and have your cars or driving outfits in shape when the nice balmy exenings come again. But never mind girls if they don't, the old fellow you had the drive with says he enjoyed company and that you will be welcome to go for a drive with him at any time.

Well, things are changing around here. The round trip from here to Flesherton daily with the mail used to be a great effort with the horse drawn outfit. Now our mail carrier has developed into an expert chauffeur and with his Tin Lizzie truck is making the round trip twice a day as the freight situation requires.

Walter Kerton has moved over to the American side of the village, and our blacksmith, Mr Hurst, has moved into the house Walter vacated on the Canadian side. Our paper hanger and decorator, Jas Sayers, is being kept busy these days.

Sandy McArthur has rented his farm on the Collingwood gravel road to Neil Thomson. Mr and Mrs McArthur intend spending the summer with friends in the West.

DUNDALK

Death came suddenly to Wm Mills while at his work at the farm of Mrs. Norris at Shrigley on March 24th. He left the house to do the morning chores in the barn and about fifteen minutes later was found dead on the barn floor. He was 62 years old and is survived by his wife, two sons and three daughters, all of whom reside at Brampton. Mr. Mills had come from that place only two weeks previous to manage the farm for Mrs. Norris. The deceased lived in this district up to about 25 years ago and was the son of the late Mr. and Mrs. James Mills, pioneer settlers on the Gravel Road, Melancthon.

Following the usual custom Dundalk businessmen are agreeing to take Thursday afternoon as a half holiday beginning the first Thursday in May and continuing to the last Thursday in September. This fits in with the regular bank half-holiday.

Flesherton Baseball Club have taken the initiative in suggesting the formation of a district league. Dundalk has not had their organization meeting yet but the boys appear to be in favor of the league idea. The new playing grounds at Memorial Park should get some attention right away in the way of leveling.—Herald.
