Shipping Wool for Sale

During the past three years the Ontario Sheep Breeders' Association has been selling wool co-operatively. They have always paid the farmers more than they could have received from other sources. This year they are buying again and will accept wool sent to them at Guelph after April 16th. The wool sacks and paper twine for fastening the fleeces are obtained free of charge from T. S Cooper, Department of Agriculture, Markdale, who has several sacks and other necessary supplies on hand now. Grey County is especially well adapted for sheep husbandry, climatically and topographically. The industry should be encouraged and every possible assistance will be given to any one who may desire to engage in the work by this branch of the Department of Agriculture. Can't we do something for you? Any assistance will be rendered free of charge.
