Nearly a Centenarian

Our village and community was greatly shocked to learn of the death of a very much respected friend in the person of Mr. George Latimer, who died at the good old age of 98 years and 3 months Mr Latimer was born at Niagara Falls, later coming to reside in Artemesia where he farmed. At one time he lived at Essa, where he met and married Miss Esther Jerrett, who predeceased him 10 years ago. To them were born nine children: Mary (Mrs. Robt. Plantt), died at her home here almost two years ago; Sarah (Mrs. Slack), Toronto; Lizzie (Mrs. John Dunlop), of Meaford; Esther (Mrs. Jamieson), of Toronto; Wesley, who was drowned 2½ years ago; Albert, of Edmonton; Will, of St. Paul, U. S. A; and Jonathan and Leonard, of Eugenia. On Wednesday afternoon the funeral services were conducted at the home of Mr. Jonathan Latimer by Rev. Mr. Fowler, assisted by Mr. Rumble, when afterwards the remains were taken to Salem cemetery, where they were laid to rest beside his wife. Mr. Latimer was a life long member of the Methodist Church, and although he lived to be such a great age, he was quite active, and with the exception of his hearing, he had retained full use of all his faculties, never losing interest in the affairs of the community. He was sick but a week when he passed away The floral tributes were many and most beautiful, coming from the family, friends and community. Even a wreath of wild flowers were picked and given by the school children. Old and young will miss the familiar figure of their old friend. Much sympathy is extended to the family and friends in their great loss.

PRICEVILLE

The fruit buds on apple and other fruit indicate a heavy crop, if the weather remains warm enough to allow the bumble bees, etc., to distribute the polen before the blossoms fade. Save the bumble bee; he is as good as gold to the farmer or fruit man.

When we were nearly six years old, we went to school for a few weeks that summer. Grandmother amused herself by talking to us and asking questions and we naturaly used some of her Scotch words. One evening we came home with a great appetite, as usual, and mother gave us a lunch of bread and milk. Then grannie commenced her exam by asking: "Well, laddie, what did you see th' day?" When we got a big spoonful gulped down we answered: "Ugh, we seen 'Scottie' Martin and Eli 'Dhu' (Eli Banks was a negro boy) tearin' poor bum' bees open, an' eatin' guts an' a'."

Mr T Nichol, County Road Overseer, has picked up all the available men in town, also some teams, and has them working at present east of Flesherton.

Mr. H. G. Carrington, painter and decorater, is working in Priceville. See his samples of wall paper for that room of yours.

Hector McLean, who has been working on the County Road repairs, came home on Friday of last week and has been ill with a severe cold.

Grand Valley and Hydro

The Grand Valley Star & Vidette says: The Council decided to attend a meeting of representatives from every municipality in the Eugenia system of the Hydro Electric, looking toward forming an association. There are some things that will stand an explanation by the head officials of this system. According to a statement sent out the estimates this year show an increase for maintenance and construction of 65 per cent., an increase of interest charges of 51 per cent. and about 36 per cent. increase in operation. The Eugenia system is not on a paying basis, only two municipalities last year showing a profit Grand Valley is behind a total of some $2400. which will have to be met, either in a lump sum or provided for in increased rates. Arthur is about $10,000 behind. It looks as though some one made a bad guess when making the original estimates on this system. The proposed meeting is to try and see if the management is just as economical as it might be, and get some insight into these deficits.

Card Of Thanks

Mr. and Mrs. Fields and relatives of the late Donald Leitch wish to thank their neighbors and friends for their kindness and sympathy during their sad bereavement.

Mr J S Knechtel, the furniture king of Hanover, has offered to present his fine large three storey residence and property to the town for a hospital, if the town will build him a bungalow worth $10,000.
