DISCHARGED PERSONNEL
MAY RETURN TO OLD JOBS

The Reinstatement in Civil Employment Act, passed by Parliament in 1942, sets forth conditions under which employers MUST REINSTATE their former employees in their employment after discharge.

This Act and its Regulations are administered by the Dominion Minister of Labour, through the National Employment Service. Reinstatement Officers are available in the National Employment Offices to answer inquiries, and assist in adjusting cases.

Employees — either men or women — are to be reinstated if:

(a) they worked for their employer 3 months immediately prior to enlistment, and were not replacing another employee who has since been reinstated;

(b) they left their employment to join the Armed Services, the Merchant Marine, or the Fire Fighters Corps;

(c) they apply to their employer for reinstatement, verbally or in writing, within 3 months following discharge in Canada or 4 months if discharged Overseas.

Provision may be made for extension of time if the employee's health prevents him or her from returning within the specified three months. In this event, the employer must be advised within the 3 or 4 months, as the case may be.

The following points in the legislation are also important:

1. Discharged men and women upon reinstatement are to be given conditions not less favourable than would have been enjoyed had they continued in employment instead of joining the Forces.
2. The period of time spent with the Armed Services is to count for seniority rights, pension rights, vacations with pay, and certain other benefits.
3. Discharged personnel who cannot perform their former duties are to be reinstated in the most suitable employment available, at which they are capable of working.
4. If an employer dismisses a reinstated employee within 6 months, he must be able to prove in court that he had reasonable cause for so doing.

ALL EX-SERVICE MEN AND WOMEN ARE URGED TO USE THE FACILITIES OF THE NATIONAL EMPLOYMENT SERVICE WHEN LOOKING FOR WORK.

Let's Get Over

A CHALLENGE

The 9th Victory Loan is a challenge to every Canadian to help to Finisr the Job!

Flesherton, Artemesia and Osprey have a long way to go to reach their objective.

Fighting has ended . . . but having laid down the tools of war we can't fold our arms and consider the job done. A lot of things have to be attended to. That's why we are hraving another Victory Loan.

And it's just as necessary that we buy 9th Victory Bonds as the bonds we bought while the war was on.

A lot of war expenses remain to be paid. Other expenses connected with our war effort are still going on. So **Canada needs money to meet these bills.**

Our fighting men must be re-established in civil life and those sick and wounded returned to health. That is their due.
