Mr. and Mrs. Walter Poole, Collingwood, visited recently with Mr. and Mrs. George Lawler.

CHRISTMAS SUPPLIES

Canadian soldiers may well stand in round eyed wonder at the display of Christmas toys this year. According to the supply division of the Wartime Prices and Trade Board the supply picture of toys this Christmas time seems a bright one. True, many of them are made of wood including everything from rocking horses to wooden bulldozers. that operate by a simple twist if the wrist. Makers of stuffed animal have produced many sizes and kinds. There are panda bears, dogs, cats, and many animals which would be difficult to name. Of course there are some metal toys, too, more than here have been for some time. The selection includes trains, automobiles, and many other mechanicla toys. From a nation which a few years ago imported almost all of her toys, Canada in two years has become fairly self-sufficient in providing toys for her three million children.

Christmas decorations will be avaiable this Christmas. There are plenty of plain red and green candles, and many kinds of Christmas holders for them. There are glass balls. Christmas crackers, and other types of Christmas tree decorations to be had. Christmas cards are no longer restricted as to sizes and subjects, but are under the maximum prices of 25 cents except in cases where an extra charge is allowed for printing the names and addresses on the personal type of card. Ribbons and seals for gay Christmas parcels will be quite plentiful, and although fancy papers will be rather scarce, greens reds and whites will be in plentiful supply.

In checking what was available in foods for Christmas the regional foods office of the Prices Board said that such delicacies as raisins, some nuts including filberts, walnuts, almonds and peanuts woud be in the stores for Christmas. There are some cranberries and a plentiful supply of citrus fruits. Turkeys are expected to be in as good supply as last year, with the prices the same. Other fowl is also expected to be plentiful.

NOW—MORE THAN EVER YOU NEED THE VERY BEST IN

TRUCK TIRES

GET THE FACTS ON GOODYEAR ALL-WEATHER

Drive in . . . let us show you the Goodyear All-Weather diamond tread with its famous 4-way non-skid traction design.

Cpl. Florence Welton of Simcoe spent the week end with her parents, Mr. and Mrs. G. B. Welton.

Miss Marie Meads is relieving in the Bell Telephone office in Wiarton for a couple of weeks.

Miss Jean Duncan of Toronto University, was a week end visitor with her parents, Mr. and Mrs. F. Duncan.

YOU & Co.

YOU AND COMPANY—you and that family you work and plan for! A small boy you'd like to send to college—a little girl who's going to have "the very best her old Dad can give her!" It's the most important thing in the world, isn't it—planning for their future! And NOW is the time to make sure those plans come true by putting up a strong, steady fight against inflation!

You and all of us must *fight* for that future by *fighting* to keep Canada's dollar sound. Unless we can keep that dollar worth a full dollar, You & Co.—along with the rest of Canada—will face inflation! That's why it's important NOW—more than ever *now*—to fight for a dollar that's worth a dollar.

Why NOW especially? Because *now* civilian goods are scarce, and money is plentiful. Now is the time to FIGHT to maintain price controls and price ceilings. We must support and urge the support of rationing. We must buy only what we need, and only at fair markets.

If we do this, we can make plans for the future as part of a Nation that is economically sound. If we *don't*, we're going to find some day that our dollar will buy only a quarter's worth of goods. And that means that dollar is only worth a quarter. This is inflation!

Up to now, Canada's controls have really worked. We've been able to prevent inflation. But we must fight now to *keep* those controls working, until the supply of civilian goods can come up to the demand! What happened after the last war must not happen again! For the sake of our children, for our returned soldiers, for ourselves let's keep up the fight against inflation.

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds and War Savings Stamps, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

THE BREWING INDUSTRY ONTARIO

Published by THE BREWING INDUSTRY (ONTARIO) to reveal the dangers of inflation.
