LEAGUE GAMES THIS WEEK :—

Eugenia at Flesherton—Friday
Ceylon at Vandelenr - Saturday
Flesherton at Dundalk—Tues., July 12

Ceylon 16, Dundalk 8
Vandeleur 24, Rocklyn 5
Ceylon 13, Eugenia 6

Ceylon trimmed Dundalk on the latter's grounds on Thursday of last week to the tune of 16-8 Gibson had everything on the ball and had the Dundalk batters eating out of his hand from the beginning to the end of the game. It was the best game that he has pitched this year.

The luck in baseball does change sometimes as will be seen when Dundalk beat Flesherton, Flesherton trimmed Ceylon and now Ceylon turns around and overwhelms Dundalk. Strange things do happen sometimes.

Rocklyn couldn't get a come back when they played Vandeleur on Friday at the latter's grounds and lost 24 to 5. It was Storey's fourth game during the week and the strain proved too much for him and they went down to defeat. He let thirteen runs in during the third inning and was relieved by Abercrombie. Russell Graham pitched for Vandeleur and was relieved by Buchanan.

Eugenia play at Flesherton this Friday afternoon at 5 o'clock. Be sure and be there to cheer along your team.

Flesherton have lost Wilton, their catcher and manager, so Dow will take the place behind the bat on Friday with Hatton in his place at shortstop.

Roy Piper, the Ceylon left fielder, had a nasty accident at Dundalk when he ran against a Ford car when he was after a fly ball and badly punctured his hand on a curtain button on the side of the car.

Ceylon has another win to its credit when they defeated Eugenia in a home game by the score of 13-6. Eugenia were handicapped by only having eight players on the line-up but put up a good game. Ceylon made one run in the first, five in the third and four and three in the fourth and fifth. C Parks and D Fawcett pitched for Eugenia. Eugenia made three in each the fourth and fifth. J. A. Legard acted as umpire.

Charlie Howard has another home run to his credit when he hit to deep centre in the game on Monday, the ball being lost in the grass. This is Charlie's 2nd of the season.

CHEVROLET

Why He Bought a Chevrolet

It cost him only $945, F.O.B. Flesherton, Ontario, equipped with electric starter and lighting, one man top of genuine fabrikoid, ventilating windshield, demountable rims, non-glare head lights, Stewart transmission-driven speedometer, Willard rubber threaded battery, oil gauge, four non-skid tires, tire carrier, complete tool equipment and valve-in-head motor.

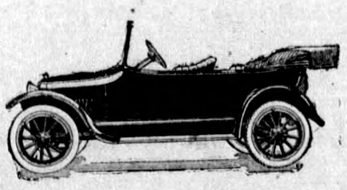
The dealer proved to him its roading advantages over many cars of similar weight and its ease of operation. He knew from experience of others that with proper adjustment and the famous valve-in-head motor, his gasoline mileage will be equalled by very few cars.

A new tire would cost him only $16.50 and if he required parts for his motor at any time, he knew the dealer could give him direct service with the factory within twenty-four hours, should the necessary parts be out of stock. He knew the dealer in a town of the size of Flesherton had to carry a stock of parts at all times invoiced at approximately $2000, which would remedy 95 per cent. of his unavoidable replacements.

He knew his entire car, including the motor, was made in Canada, and in buying one of Canada's Standard cars he was aiding in re-establishing the exchange rate.

Should an accident occur to his car, he knew that Chevrolet service could be had anywhere, because in the season of 1920, the Chevrolet car had come to the fore so fast as to eclipse the record of any other firm on the point of production in Canada, and that dehind this car was the strongest organization in the motor world, "General Motors."

He had only to look at the car to realize its beauty of construction and its sturdiness. Its baked enamel finish precluded any possibility of his car becoming shabby within a few weeks. He knew he was buying something "a little better" at the REMARKABLY LOW PRICE OF—



$945.00

He knew that at this price he was buying a car unequalled in power, construction, dependability, comfort design and endurance, by few cars anywhere near the price. A car after design of the larger models, not built down to a price, sacrificing quality, and therefore durability. For these and many other reasons he bought a Chevrolet.
