oct 21 —ROBERT OSBORNE.

The Parry Sound Star says: Tuesday a party from the Belvedere hotel tried trolling for trout at Kilbear Point and hooked a monster 37½ b one. This is about one of the largest caught this year in the bay. On the banks outside they are common, but so far the average has been about 15 pounds. A 37 pounder puts up a big fight.

Bull For Service

Purebred Scotch Shorthorn bull, Alda's Pride—13544—for service on lot 31, Con. 8, Artemesia. Terms $1.50, pure breds $. —W. MAGEE.

A Mexican Thief

Constable Tisdale of Grand Valley arrested a Mexican musician who, along with three others of his kind, took in the races. The bunch played stringed instruments and then took up a collection and in this way gathered up considerable cash. In the afternoon the Arthur constable received a telephone message from Listowel to search the effects of the man whom he later arrested for a stolen raincoat. This Mr Tisdale did in his usual prompt and efficient manner, locating the coat in his room in the hotel and hustled the thief to the lockup. A new shirt and a new pair of shoes, also stolen property, were found. With the arrested man was a girl whom he claimed was his wife, but who was later sent home by the Listowell authorities to her parents in Walkerton. The guilty foreigner was taken to Listowel where he received a five year sentence in the police court of that town.

Vandeleur 9, Eugenia 0
Ceylon 23, Rocklyn 13.

GAMES THIS WEEK:

Dundalk at Vandeleur—Thursday

Another downfall occurred to Vandeleur on Thursday afternoon when they played with Dundalk on the latter's grounds, being beaten by the score of 4 to 3. The game was nearly identical with that played with Flesherton the week before, as they lost in the nineth inning. Vandeleur was leading in the 5th, when Dundalk came along with four runs and tied the score. In the nineth with two men out Dundalk took a batting streak and came along with the winning run.

Vandeleur had an easy win on Saturday from Eugenia, when they made the Falls boys sign over the game to them on account of the Ellis boys from Kimberley playing, they not having signed in the league. As a consequence the game was given to them—9 0. An exhibition game was played, however, and Vandeleur came out with the long end of a 6 to 4 score.

The race in the league is becomiug closer as each game in the final schedule is played. There should be a bumper crowd at Vandeleur on Thursday.

Jack Isles of the Eugenia club made a home run on Saturday, hitting the ball over the left field fence, a nice long hit.

The game between Dundalk and Eugenia, sheduled this Wednesday, has been postponed

Ceylon is leading the League now and if Vandeleur hope to be at the top at all they wil have to come through with a win on Thursday.

James Cochrane of Owen Sound was fined $500 for making home brew and selling it. Cochrane was sent to jail until he could raise the 500 williams.

Give us a Hand!

CITIZENS of Ontario—The only salvation for Ontario's revenue-producing forests is the prevention of forest fires. Your support and co-operation is absolutely essential.

Forest fires are rapidly diminishing our resources of timber and pulpwood. Over 90 per cent. of Ontario's forest fires are caused by human carelessness.

If everybody was careful to prevent the start of fire, Ontario's Forest would be safe.

Save Ontario's Forests
They're Yours

BUSINESS MEN of Ontario — Lend us a hand. The various business associations — of bankers, boards of trade, manufacturers, merchants, lumbermen; engineers, educationalists, tourists, and sportsmen, and all other bodies of weight and influence, can do a great work for this province and for their own interests as well by actively promoting educational propaganda to reduce forest fires.

RAILWAY OFFICIALS can help. Railways cause 40% of Ontario's Forest fires. The Forestry Branch is being well supported by improved co-operation on the part of railway officials and by the Dominion Railway Board. Let us reduce the number of railway fires one-half this summer. (The train passenger in Northern Ontario who nonchalantly throws his cigarette or cigar out of the window during the forest fire season is deserving of a jail sentence!)

CAMPERS, tourists, fishermen, picknickers, berry pickers, prospectors and hunters should feel their responsibility even though out of sight of the policeman.

SETTLERS can co-operate by exercising more care in setting out fire on their own property.

LUMBER FIRMS can help by impressing on all foremen the need for carefulness. River-drivers in dry seasons should be specially warned. Gangs of men going in and out to the camps need special attention, because of the danger along the slash-lined trails from the inevitable cigarette.

THE PRESS could do more public-spirited constructive work to reduce forest fires than any other single agency. This is a non-political campaign in which the whole press could join.

LEADERS OF PUBLIC OPINION in every community should be the first to extend a helping hand. Tell the Chief Ranger or write the Head Office any time you have information or suggestions to impart, or questions to ask.

The Tractor With The Steady Stream Of Power

THE SAMSON TRACTOR is just the Tractor you have been looking for. Strong and powerful, compact, and built right as all **SAMSON TRACTORS** are built, it sells at a price low enough for the most conservative farmer.

For such work as plowing, discing, harrowing, spreading manure, cultivating and other field work it is an ideal Tractor. You can also do all kinds of belt work with it such as running a thresher (and we positively guarantee the **Samson** to run a 28" Threshing Separator satisfactorily) operating a silo filler, grinding grain, sawing wood.

The SAMSON TRACTOR being a General Motors product, is up to the usual high-class General Motors standard as regards design, workmanship and materials. The powerful motor used in this Tractor is especially built for tractor work, and the entire Tractor—motor, transmission, etc., is built complete in the **Samson** factories.

Platform, fenders, magneto, governor, air cleaner, Impulse starter, etc., are regular equipment with the **SAMSON TRACTOR.**

The SAMSON TRACTOR has won out in many competitive tests with other Tractors. It wins because of its surplus power and its high efficiency for belt and draw-bar work.

Come in and see this **SAMSON TRACTOR**, or we would be glad to give a demonstraction on your own farm on either belt or draw-bar work. We carry a complete stock of parts, always ready to keep the **Samson** power continuous.
