What a relief it is when you have deposited your money in the bank! No more worry lest it should be lost or stolen! You need only keep a little ready cash in your pocket or in the house. Bills can be paid by cheque and your cancelled cheque is your receipt.

When the teller hands you your pass book, you glance at the balance and know to a cent how much money you have. You are so accustomed to your bank's accuracy that you seldom bother to check the figures.

The very fact that you—and some 5,000,000 others—take all these conveniences as a matter of course is a daily demonstration of your confidence in the dependability and efficiency of your bank.
