Vandeleur demonstrated its superiority over the Ceylon ball club on Monday afternoon, when they defeated the latter 21 to 2 in Markdale. The game was never in doubt from the beginning and the Vans slammed the ball around in their usual good form. This was a sudden death game to decide which team would hold second place, as they were tied when the schedule ended. Vandeleur will now have a chance to trim the wings off Dundalk, as they say they can do, and so win the championship. It is likely home and home games will be played.

The Farmers' Sun says:

"If a candidate running for office pays a man five or ten dollars for his vote, he can be unseated for bribery and corruption. But if a government builds breakwaters, or a drydock in a riding where these things are not required, the law does nothing, yet such a proceeding is bribery just as much as paying five or ten dollars per vote."

Right you are, Son. But let us ask in what class you would place the donation given the municipalities in South Grey by its present member for the Local Legislature? His donation was something over fifty dollars to each municipality. If he had not voted for the $600 honorarium the episode would have shed a different light, but he did, and later distributed the money in his constituency. Had we any right to that money, and why was it given us?
