CREAM TESTING DAYS

Tuesdays and Fridays

We have decided to have decided to have two days a week for testing cream — Tuesdays and Fridays. Bring your cream to the store. We test and pay at once the highest market price.

EARLY CLOSING

The store will be closed every Thursday evening at 6 p.m. until the end of the season.

JAMES McLEAN,
Pattison's Old Stand. CEYLON

CONTROLS TRADE D&S MARK LIGHTNING

Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But *it will not prevent the fire.*

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been rodded by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. ***Ask us today what it will cost you to have DODD protection.***

Shipping Lambs

Last spring, under the direction of Mr. James A. Telfer, sheep promoter of Western Ontario, Live Stock branch, Department of Agriculture, Ottawa, Mr. W. J. Howard castrated and docked 1170 lambs. The objects of such work was to demonstrate approved methods of performing the work.

In addition to that, however, the financial value of performing such work was to be shown. In order for this to be done we determined to follow the stock attended to in the spring to the market. Mr. Howard has returned and hopes to ship the first car load of graded lambs on October 18th. Nothing but first class conditioned lambs of 90 pounds will be taken. Full results of this work will be made known soon after the sale of the car load. As many lambs as possible will be sent down but only graded and cared for stock will be accepted.

NOTICE

Remember the Old Reliable Singer Sewing Machine. You can buy on terms to suit you at a very reasonable price. 10 year guarantee.

Memorial Unveiled At Priceville

Another memorial monument in Artemesia township was unveiled at Priceville on Tuesday afternoon of last week before a large number of people. The monument is placed in front of the Presbyterian church on a solid concrete foundation. The base and die is of grey Barre granite and the statute of Italian marble. The statute represents a soldier with bared and bowed head placing a laurel wreath on a cross in front of him. Only the names of the fallen soldiers are inscribed on the monument, which is a creditable piece of workmanship furnished by the Thompson Memorial Co. of Toronto at a cost of $2500.

The unveiling was performed by Major (Rev.) Thurlow Fraser of Owen Sound, who served as a chaplain overseas, and the Last Post was sounded immediately after by Bugler Jack Perkins of Markdale.

Addresses were given following the unveiling by Major T. J. Rutherford of Leith, Alderman Willoughby of Owen Sound, Rev. J. Mathewson of Mone Mills, a former pastor at Priceville; Rev Mr. Leece, formerly Methodist minister there, and Rev, C. S. Jones, present Presbyterian minister.

At the close of the unveiling wreaths and flowers were placed at the base of the monument by relatives and friends of those in whose honor the monument was erected. A magnificent wreath of flowers was deposited by the returned soldiers of the community. Lieut. Cargo of Flesherton had charge of the detachment of returned men in uniform who did military honors during the service.

The following is a list of the names inscribed on the monument: Goldwin Patterson, John H. MacDonald, Robert McMeekin, Dan McNalty, James White, Donald L. MacKinnon, Thomas L. Mather Isaac A. Pinkerton, Irvine MacArthur, Alex. MacVicar, Arch. A. MacKinnon, Neil J. MacMillan, Robert E. MacLean, Henry C. MacIntosh.

Boar For Service

Pure bred Yorkshire Boar for service on lot 37, con. 6, Artemesia. Terms $1.00. —JOHN HARGRAVE, Prop.

Be Fair With Your Battery

Don't start the fall motoring season without giving your battery a square deal. Have it inspected by us at the earliest possible moment. Inspection and distilled water are free and it makes no difference what make of battery or car you are using.

Nine out of ten starting batteries are badly overworked in the cold weather. This strain is, of course, injurious and can be avoided by having the battery properly and fully charged from an outside source. Our battery facilities are perfect and besides giving the battery the freshening and invigorating charge necessary, we balance the cells in your battery so all are working evenly.

Prepare Your Car For Winter

Your car no doubt will require some attention this winter and we would suggest that you make your arrangements now in order that we may get your work in hand and give it the proper attention. **We specialize in complete overhauling** and can guarantee you perfect work and reasonable charges. We only employ the most competent mechanics. **SEE US NOW** and get your car in good winter storage.

Oxy-Acetylene Welding Bring us your broken castings. We can weld anything but a broken heart. No job too large and none too small. All welding work absolutely guaranteed. Let us have your next job.
