—A large number of dogs owned in town have been decorated with the "D. T. P." tags. Quite a number of owners of dogs have neglected to comply with the requisites of the by-law and thus jeopardizing the lives of their dogs. Be tagged in time is a motto for every dog.

—Mr. J. D. Belcher of Peterboro is having built at the Narrows between Pigeon and Sturgeon lakes a handsome cottage. Mr. Beicher's property is not far from Mr. Hudspeth's of Lindsay, and when cleared up so as to let in the breezes will make a capital place to spend the dog days.

—A practical and timely letter from Mr. Geo. Keith, the well-known Toronto seed merchant, is presented elsewhere and the attention of farmers is specially directed to it. Mr. Keith is brother of Mr. James Keith of Lindsay, and when we state this fact the farmers of this district will the more readily act on the suggestion seconding claver.

The best looking in the locality.

A railway man living in the south ward is puzzled and bothered by the apparent contradictoriness of the cow and dog by-laws. The cow by-law was n.g., and he kept a dog to hunt the cows away from his garden. Now comes the dog by-law, and he is compelled to pay a tax or lose Filio, and the cow pound is useless. This is what makes Henry George's doctrines get a foothold in the community.

the death of Mrs. Samuel Trude, formerly of this town and lately residing in Chicago. Mrs. Trude in company with her husband, her sen, Mr. A. S. Trude of Chicago and his wife and family, sailed from New York for England on the lith July, all in good health and spirits and in the anticipation of re-vasiting her old home and relatives. She had searcely left New York before the sickness of a sea voyage prostrated her and growing rapidly worse she died on the third day out from New York. Mrs. Trude was a genuine Englishwoman of the old school, genial, warm-hearted and a good friend, and her generous hospitality will not soon be forgotten by her many old friends in Lindsay, who extend their warmest sympathy to her bereaved husband and in family.

While the several high schools have done very well Loretto academy has done remarkably well, passing no less than eight out of the ten candidates going up to the examination. It is doubtful if this record or percentage is surpassed by any other institution in the province. The Lindsay high school will next year make a larger showing, as this year it was determined to make thorough preliminary work.

REALITY EXCEEDS HER IMAGINATION.

"I declare, the realities I witnessed to day, in the low prices of all kinds of Staple and Fancy Dry Goods at the City Store, knocked the bargains I had pictured in my imagination higher than Gilroy's kite. It is truly wonderful. Formerly I could not understand why it was that the Lindsay Dry Goods and Clothing Syndicate created such a furore all through the country, but after this day's experience my understanding is considerably enlarged."

The above were the remarks of an elderly lady on her arrival home, after having driven over thirty miles to make her semi-annual purchases of Dry Goods and Clothing at the City Store, and a goodly parcel she purchased to. What is more the old lady struck the nail square on the head. Unless she had been a visitor from the spirit world she could not have foreseen the unparagoned bargains awaiting her and all the other customers. With our new stock now nearly complete we are determined, as far as possible, that the reality of our low prices will far exceed your imagination. Act suddenly on the above suggestion and you will reap such a return for your dollars and cents as will cause you to laugh without being tickled.

BARGAINS

PRICE is to a certain extent a measure of the value of goods. the merchant's measure of what the goods will sell for. It may be high or low. It's the storekeepers notion.

REMEMBER

there are two kinds of storekeepers. You will always have to hear this in mind as it often effects the price radically. We now proclaim, having no fears of contradiction, that we have as low prices as there are in the Province of Ontario for dependable Dry Goods and Clothing. Good wool, good workmanship, good wear in every pair of Pants, Vest, Coat or Ordered Suit which we turn out, and not a garment which we can't recommend as the very best in town at its price, and the price is always the lowest.

Bear this in Mind,

that when you get a Suit, a pair of Pants or a parcel of any kind of Goods at tabulously low prices look out for the quality of the goods. You will find you are getting nothing better than you pay for. Keep an eye on the price; find out what kind of a store you are in and remember that you can't get five dollars' worth of goods by paying one dollar. We are willing to have you judge us by the quality of our goods, and we promise to give our patrons 100 cents' worth of wear and worth for every dollar you leave with us. Several new styles of Cloth fer Ordered Clothing.

Carroll into the skiff of Mr. Jos. Brown, who with Mr. Terry were en route for the Point, when they would reach the lighthouse at the mouth of the river, but unfortunately in starting they mused each other. Mr. Brown being in advance and thinking the reverse put forth great efforts to overtake them, and on reaching the lighthouse waited for some time, becoming assured that they were ahead by their non-appearance and finally starting on his way. When the young people reached the lighthouse a short time afterwards they found the lake very rough, owing to the high wind blowing at that time, and after some deliberation as to the advisability of landing Mr. Cameron arrived at the conclusion that he could handle the cance and take them across safely, and started accord-
