"We made the SMART choice!" say OLDSMOBILE owners everywhere

WRITES R. A. BALMER, General Manager of a large Toronto furniture company. "After driving my new Oldsmobile 8 in winter weather and over roads unusually rough, I find you were very conservative in your recommendations, for the *Hydra-Matic Drive is certainly the smoothest thing in mechanism that I have ever experienced. I am really proud of this car, and for driving comfort, ease of handling, and general road-worthiness, I can only say I'm glad I bought an Oldsmobile. I made the smart choice."

And that's just an excerpt from one of the many, many letters sent in by Oldsmobile owners—letters that repeat again and again, "There's nothing else like it in driving! It's *smart looking* . . . *smart handling* . . . and the new *GM Hydra-Matic Drive is the *smartest* way of driving yet devised."

Yes . . . people who choose Oldsmobile make the *smart* choice . . . for Oldsmobile is the *smart* buy of the year. To you who are waiting for your new Oldsmobiles—our thanks for your patience . . . our tribute to your wisdom. The demand for Oldsmobile with the new *GM Hydra-Matic Drive is so widespread that it still greatly exceeds the supply. Make sure your present car carries you conveniently and safely through the waiting period by having it serviced regularly by your Oldsmobile dealer.
