PRICEVILLE

We hope that the April showers will bring Mayflowers, or in other words good crops, and other products.

Some people report a good run of maple syrup on Friday and Saturday of last week.

We hear fatorable reports of the winter wheat in this locality.

Thos. Nichol has a large staff of men and teams engaged for the county road making, which will start in a few days.

Mrs. Allan McLean, who has not been in the best of health for some months, was quite ill last week.

Robert Conkey has planted some maple trees on the street opposite his property.

Miss Kathleen Everest is spending the Easter holidays with friends in Toronto.

Mrs Angus Kennedy is visiting her daughter in Toronto this week.

Miss Margaret Tryon, teacher, West Toronto, came up on Good Friday to spend a few days with her father G. W. Tryon, and will also call on her brother in Detroit during this week.

Rev. R J McCarten was very unwell last week from the effects of a cold, and Mr. A D Irwin conducted the service in the Methodist church last Sunday morning in the absence of the pastor.

Rod And Gun

Sportsmen and lovers of the great out of door will not want to miss the May number of Rod And Gun In Canada which contains a wealth of attractive features. There is a short story masterpiece by the well known friction writer, Harry M. Moore. It is among the best Mr. Moore's facile pen has produced and those who read it will not forget it quickly. There are other stories, including "The Imp of the Trail" by F. V. Williams, and "An Angler's Dream" by I. Todd. A trio of topnotch articles will also be found. C. N. A. Ireson contributes an interesting, illustrated article "Hunting the Rocky Mountain Goat," while Bonnycastle Dale's article is well up to the usual high standard of all his work. The magazine also contains the first announcement of the new photographic department, which will doubtless prove a popular feature.

The Government Pheasantry

Toronto, April 8th, 1922.

Dear Sir,—In reply to your inquiry regarding the Eugenia crown game and fish preserve, I have to advise you that this development work is being carried on under the authority of an order-in-council dated the 14th day of June, 1921, which will be found in the current issue of the Game Act on page 88, and also under the authority of a Permit issued by the Department of Marine and Fisheries at Ottawa on June 17th, 1921, and which will be found on page 89 of the Game and Fisheries Act. The order-in-council and Permit referred to are the results of recommendations made by the Game and Fisheries Department.

Before launching into an undertaking of this nature a comprehensive view must be taken of the needs of this province as a whole, and the views of any one locality are not taken into consideration, for very often a "close up" view leads to a prejudiced, if not a selfish view. The work to be carried on at this point is not an experiment, but similar work has been carried on in other parts of this province and throughout the United States for a number of years with admirable success, and, if the critics of this undertaking will defer their judgment in this matter until such time as the undertaking has proven a success or otherwise, the Department does not fear the outcome.

The suggestion to have a preserve of this nature located within the boundaries of a municipal park is too absurd to be given serious consideration, and I trust that I need not go into the very apparent foolishness of such a proposition.

I wish also to point out the fact that the rearing of pheasants or other wild life is only a side issue of the undertaking, as in my opinion the best results will derive from the sanctuary created for the benefit of waterfowl of all kinds, and also for the opportunity afforded for collecting speckled trout spawn from these waters.

Finally, the fish and game of the Province are the property of the Crown and must be dealt with in accordance with recommendations and conditions authorized by the Government and Department, having in mind the best interests of and the conservation of all game and fish within the province.

Yours very truly,

Dep. Minister of Game and Fisheries

EUGENIA

The Easter services here were well attended in both churches. In the morning Rev Fowler delivered a most impressive Easter sermon, which was highly appreciated by all present. Special music was rendered by the choir. The flowers, which were nicely arranged in front of the pulpit, bespoke of that beautiful spirit of Easter. In the evening in the Methodist church Rev Kippen gave a very picturesque description of the events leading up to the crucifixion and later the resurection. Miss Hilda Williams sang, "The Story Sweet," very effectively. Mrs Leeman and Mrs Large also sang a duet, "In The Tomb," which was in keeping with Eastertide. Flowers were much in evidence at the evening service as well as the morning.

Charles Denmore of West Luther many thank his lucky star that he is in land of the living to-day. On Monday, while falling a tree, it swerved from its course and caught in another tree. He began to fell this tree thinking it would fall with the other one. But a heavy branch had caught it and exerted sufficent force to pull the tree in the opposite direction. Charles got a glancing blow on the side of the head, breaking the shoulder blade, the arm and cracking four ribs. He was also shaken up. —Grand Valley Star

FEVERSHAM

Another little flurry of snow covered the Blue Mountain last week but again the balmy south wind is blowing and the farmers are commencing to work the land. The grass is showing green, the fall wheat and new seeding also look the best we have seen them for some years.
