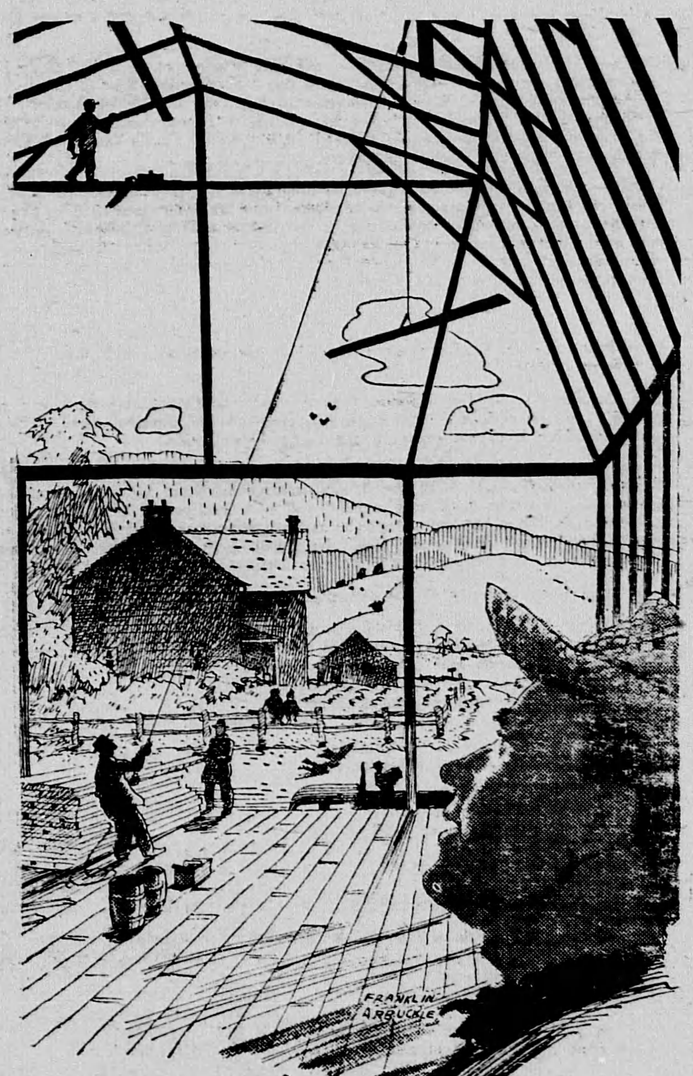
BE AN A-B-C DRIVER — Always Be Careful



Worth working for!

Watching the men at work on his new barn, Jim thinks of the friendly talk he had with his bank manager. "I've got good land and I can work it. With a little extra money I can really make a dream come true . . ."

So Jim got his bank loan. Soon, there'll be new farm equipment . . . improved livestock . . . a well filled granary. More work for the community, more farm products, more food for home and export.

Helping people in all walks of life to profit from their own enterprise and industry is one of the chief functions of Canadian banks.

"...and please hurry Doctor!"

If you have ever faced an emergency, you know how important it is to get right-of-way for urgent calls. Remember the master rule "Do unto others as you would like them to do for you — and do it first."

The $3,500,000 being spent this year alone will provide more rural lines and mean fewer parties on each line.
