Seven hundred Toronto school teachers visited Washington, Philadelphia and New York last week. Miss Lilian Bunt, an ex-Flesherton girl, got fed up on tombs and monuments, according to a despatch. A runaway that caused a little excitement but fortunately very little damage occurred on Monday afternoon of this week. Mr. John Paul of Feversham began hitching up his horse at Mr. John Adams' west of the village, and when the horse was left standing, for some reason became frightened and bolted. It travelled through different streets in town but finally hit the right road home. By the time it was going past The Advance office it couldn't be seen for dust, but finally drew up at Akitts' corner five miles away. Beyond a craving for excitement the horse had nothing for his long run except broken harness, which was soon repaired.

The Public Utilities Commission, of Owen Sound, last week sent out circulars inviting municipalities on the Eugenia Hydro System to a meeting to be held around the 15th of May. This meeting should have a very far reaching effect on the whole matter of supply of electric energy and be unanimous in any demands that may be made upon the Provincial commission for full and complete statements as to costs of operation, of recent installations, number of employees and their salaries, and the method of accounting. It is likely the meeting will be held in Durham as it seems to be the most easily accessible place for all concerned.

Hilborn, the Ontario Game and Fish Department sent up 10,000 trout fry last week, which were deposited, half in the Grand River and the remainder equally in the creeks in East Garafraxa. While the attempt to stock the river may be somewhat of a doubtful nature, there should be no reason why the creeks should not respond and provide good sport in the next few years It is understood the creeks will be protected and more fry deposited each year.—Grand Valley Star

Sports In General

It looks as if a district League of football will be formed in Grey County having a north and south group. Markdale, Feversham and Swinton Park have stated that they would be willing to enter. If a league could be formed no doubt it would be a stimulus for the sport in this section, as football practicall went dead a few years ago. Anyway we would like to see it formed. Feversham were champions of this district last year.

The Centre Grey League meeting will be held in the Munshaw House, Flesherton, on Tuesday evening, May 2nd. Some important business will be discussed.

The election of officers of the Flesherton Baseball Club were held on Wednesday evening of last week in the office of Down's Garage. Quite a number of sports attended and it was decided to enter the Centre Grey Baseball League this year. Mr B. Welton is President; C. E. Jennett, vice-pres; S. E. deCudmore, sec.-Treas; Wm. Turney, manager of team; and mascot, Bill Carrington. E. Bellamy and F. Thurston were chosen delegates to the League meetings. A most successful year is looked for and a number of good ball players have already been signed so a strong team is likely to be again put in the field. The club also decided to celebrate the 3rd of June this year and with a concert at night to secure more funds. A sum of around $49 was left over from last year. The equipment of the club is good.

Mr. S E deCudmore has donated a prize of $1 for every home run made on Flesherton grounds. Now, ye Babe Ruths come forward!

Vandeleur are holding their organization meeting for the ball club this coming Friday night.

County Expenditure

The net expenditure on county roads in the county of Grey in 1921 amounted to the handsome total of $365,245 15. To this sum must be added $12,652 granted to urban municipalities, and a total of $53,218.12 spent on the Owen Sound suburban area. All these added together make a total expenditure within the county of $431,115.27. The government grant takes care of a considerable proportion of this amount, and the city of Owen Sound shares with the county equally in the suburban area costs.

The actual amount expended for all purposes in the county during 1921 is $610,894 92, made up largely of county road costs, mothers' allowance (4,295.52) administration of justice, house of refuge, county buildings, roads and bridges, salaries, and many other smaller items.

This county, with a budget of $610,894.92 is one of the heaviest spending counties in the province. Its area is large and its requirements very great The assessed value of the county is close to $30,000,000.--Sun Times

While John McGowan, Jr. of town was at work as telephone lineman, east of Holstein last Thursday a roll of bills amounting to $48 somehow slipped from his trousers pocket. In Holstein he discovered his loss but it was getting too dark to make a thorough search, so he posted up a couple notices and next morning set out early and covered the road he had travelled but could find no trace of it. Next day (Saturday) Win Keith in coming to Holstein, spied the roll and having heard of the owner, he honorably phoned McGowan, who was delighted to recover it.—Durham Review
