The main travelled roads of Grey County are in good shape now, and travel on them is joy. A drag has been used on the streets in town to good effect and a bit more work on them will put them in first class shape. The need for good roads has been seen and big advances are being made in that direction.

Some Flesherton young men should post these rules in their bedrooms so that they can see them first thing on Sunday mornings: When you go motoring see to it that the chauffeur is a qualified driver. Never travel in a car with a borrowed marker. Finally, don't go joy riding on Sunday, and avoid trouble.

A frame residence at Ceylon, owned by Mr. R. P. Legate, who lives in the West, was burned to the ground early Thursday morning last, together with contents. Mrs. Legate was in the house at the time of the fire and was aroused just in time to get out. There was insurance of $1700 on the property in the Dominion Fire Insurance Company. The cause of the fire is a mystery.

Last week a petition was circulated among the business men of town with the view of having one afternoon of each Thursday during June, July and August, but was defeated by three or four men. It looks as though Flesherton will, for another year at least, be without the holiday while practically any place of any size in Ontario have it for months, and numbers of towns for five months.

The High School Board have purchased a delineascope as an addition to the equipment in the science room at a cost of $110. This lantern will show either slides or opaque objects such as post cards, pictures cut from newspapers, or will show newspaper printing plainly. It is a very fine machine and is manufactured by the Spencer Lens Co, Buffalo. The Dept. of Education give a grant to all schools that have this added equipment and in a very few years the lantern will pay for itself in this way. The Literary Society of the school contributed half of the price of the machine.

A distressingly sad death occurred near the village on Monday morning, when Mrs. Geo. Chapman of the east back line passed away after a few weeks' illness, leaving behind a sorrowing husband and five little children, the eldest ten and the youngest three months old. Nothing But "Duds"

Miss Agnes McPhail (Progressive S. E. Grey) in a short speech in the House said there had been a duel of bomb throwing but all the bombs appeared to be "duds." Nothing happened as a result. There never was a time when the people of Canada were so looking for a real lead towards peace as at present They were sick of war talk and of voting money for war expenditures. The combined estimates of the Departments of Justice, Health and Labor and the Government of the Yukon were less than this vote for militia drill. Drastic cutting might rob some people of pleasant jobs, but she would support this motion as the people demanded drastic cuts in expenditures.

IN MEMORIAM

LEITCH—In loving memory of my dear brother Dan, who past away on May 7th, 1921.

Only a memory of bygone days
And a sigh for a face unseen,
But a constant feeling that God alone
Knows best what might have been.

Though a loving voice is silent
And his true heart ceased to beat,
How I miss his well-known footsteps
And the smile I loved to greet.

—Sister Mrs. J. H. Field.

To be the owner of a cat that has a kitten with three mouths, nine paws, eight legs and only one head and body, is the proud destinction that belongs to Mr. Keyse of Amabel. The kitten was born some days ago but died a short time later. Such a freak of nature seldom reaches maturity, but it sure is an oddity while it lives, It has three mouths to feed only one stomach, nine feet and eight legs to support one body. Our correspondent has not said just how the various extra members have been distributed, and one would need a very vivid imiginat on to properly place the extras. We presume it had an extra number of lives tucked away in its anatomy.
