FLESHERTON DELIVERED PRICES OF GENERAL MOTORS CARS

FROM time to time, as a matter of public information, we have published the Retail Delivered Prices of General Motors Automobiles.

In accordance with this practice and to eliminate any uncertainties or confusion, we are again publishing the present Retail Delivered Prices. These prices include Standard Factory Equipment, Dominion Taxes and spare tire. Provincial and Municipal Taxes where such apply, license fee, and optional equipment are, of course, additional.

We sell these makes and models at the prices shown. You may rest assured, we will distribute them as fairly as possible with proper regard for orders placed with us and dependent upon the availability of models.

Should you be offered, from some other source, a new car, or one with low mileage, we suggest that you pay no more than the prices listed. You will obviously find it to your advantage to wait a little longer, until we are in a position to deliver a car against your own order.

We are sorry to say that delivery to you may be delayed for some time yet. This is due, in particular, to the shortage of many materials. General Motors has done a splendid production job under the circumstances and expects to steadily increase the rate of production. Meanwhile, these conditions, combined with the wide popularity of General Motors cars, and such an unprecedented demand, mean that delay in some instances is quite inescapable. We entreat your patience and understanding while the shortage exists.

We realize that our success depends upon the confidence and goodwill of our many customers. We will strive at all times, through good business practices, to justify, and therefore remain, this most valuable asset.

STRANGE CHURCH

When one is in a strange church the wise thing to do is to take a seat at the rear of the building. If you go up to the front of the church you may find yourself in someone's regular pew and be embarrassed when they arrive to take their usual seats. Also, if the service is a bit different from the one to which you are accustomed, it is easier to recognize the fact from the back of the church.

If you can drink a glass of water every morning for 1,200 months you will live to be 100.
