CONTROLS TRADE D&S MARK LIGHTNING

Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But *it will not prevent the fire.*

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been rodded by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. ***Ask us today what it will cost you to have DODD protection.***

Feversham, - Ontario

Mr. Creasor Explains

Editor Flesherton Advance:

Dear Sir.—There has been a reference made in your paper in regard to a case of theft recently tried by me in Markdale of a man arrested in Feversham, in which there has apparently been some misunderstanding by your informant. I only draw attention to this case so that the public may be better informed as to the working of the Act for the better enforcement of the law. The case was of a man arrested for theft in Feversham of goods valued at $15 or $20 and brought to Markdale, as there was no proper place in Feversham to keep him, and at the request of the Crown Attorney I went to Markdale and tried him, and after hearing the evidence and with the consent of the Crown Attorney, as it was the young fellow's first offense, and apparently never in trouble before, I found him guilty and suspended sentence for the term of one year, the goods being returned excepting one item which he agreed to pay for and pay all costs. If that case had been tried by Justices of the Peace he could only have had a preliminary hearing and undoubtedly on the evidence they would have had to send the man to Owen Sound for trial and all the witnesses would have had to go to Owen Sound instead of Markdale, where the case was tried, with a great deal of additional expense for the prisoner and the country, whereas the case was disposed of at Markdale with comparatively small expense and at a great convenience to both the defendant and witnesses.

As there seems to be a great lack of understanding in the county respecting law enforcement and administration in the police magistrates' courts I thought it wise to explain the working of the Act. Informations may be taken by any Justice of the Peace and made returnable before any police magistrate with jurisdiction, and if made returnable before me I will, if called upon, travel to any point in the county to try such cases. I have made arrangements for the Justices of the Peace at different points in this county to take informations returnable before me, send the information to me and I would appoint a time and place for trial and endeavor to make the place of trial as near as possible to where the defendant resides, to save the defendant expense, and save travelling expenses of witnesses, and have the defendant tried without delay, but in cases of simple matters to arrange for trial by Justices in the vicinity. In regard to cases arising within the jurisdiction of the several police magistrates in the county, I do not interfere with them unless requested by the magistrates themselves or the Crown.

If there are cases which the police magistrates or Justices of the Peace could only have a preliminary hearing it is a great saving of expense for me to travel to these places and try the defendants. The saving of expense is not only to the county but also to the defendant and the witnesses, and the defendant has his trial without delay. The Justices of the Peace throughout the county have still the power to try by law cases without the request of a police magistrate and power to try certain cases under the criminal code, O.T.A cases and others as formerly, on request of police magistrate with jurisdiction conferred by the Police Magistrates' Extended Jurisdiction Act of 1921 Up to the present I am the only police magistrate in the county who has authority under the said statute to make such a request.

If any Justice of the Peace requires information, upon writing me I will advise him.

Trusting this may help your readers to a better understanding of the Act,

—H. D. CREASOR,
Police Magistrate County of Grey

Notice of Dissolution

Notice is hereby given that the partnership heretofore existing between R. Hannah and Thos. Dever, as general merchants carrying on business as Hannah & Dever, has been dissolved. All accounts not settled by May 15th will be placed in other hands for collection. Accounts may be paid to either party.

ROBT. HANNAH,
THOS. DEVER.

Portlaw, April 24, 1922.

MAY

"Little beds of flowers,
Little cans of paint
Make homes bright and healthy
Out of them that ain't."

Now is the time to clean up and paint up with Sherwin-Williams paint. A paint or varnish for every purpose will save the surface. S. W. P. standard of quality, known by everyone, used by all who want superior paint. Cheap, poorly-made substitute products cannot give you the same satisfaction.

Call or send and get some color cards.

Dept. of Agriculture

County of Grey

At the request of Hon. Manning Doherty, Minister of Agriculture, the Grey County Council appointed an Agricultural Advisory Council to confer with the Agricultural representative, T. Stewart Cooper, Markdale, on the work of the office in an endeavor to secure greater co-operation and efficiency. This Council met on Wednesday, April 19. Following are the members of the Council: Messrs Stewart Shouldice, Shallow Lake; Geo Henderson, Keady; W. H. Hunt, Allan Park; A. S. Muir, Ceylon; T H Binnie, Durham; W H Kernahan, Maxwell; A R Petch, Meaford; Nelson Perdue, Chatsworth.

After reviewing the work of the past, the following resolutions were passed:

That whereas we have learned that our District Representative has received 161 applications for seeds for Home Garden Contest; and whereas he has received only 50 packages of seeds, and whereas we have a good deal larger county than the average in Ontario, therefore we would ask that the Department provide if at all possible an extra donation of 50 packages of seeds in succeeding years.

That we ask that the constitution of the school fairs be so amended as to allow the school fairs to charge a very small admission to adults if they deem it advisable, to assist in covering the expenses of the fairs.

That we endorse the school fairs and the sheep demonstration work of our representative and that we ask him to continue the good work to fair completion and also that we appreciate the efforts of our representative along these lines.

That we endorse the efforts of our representative, Mr Cooper, to secure if possible an expert to demonstrate the proper grades and grading for hogs as being graded on the Toronto market, the idea being to explain to producers these proper grades. If possible have these demonstrations during the month of June

These are submitted to the people of the county in the hope that they will take a greater interest in our work. We are ready for suggestions at any time. As we cannot make our work without your co-operation, the Department of Agriculture asks every farmer in Grey county to make suggestions.
