Shinn-Flat

Lightning Rods
Prevent Lightning Losses

WHEN your buildings are protected with Shinn-Flat Lightning Rods, you may be absolutely sure that they're safe from lightning damage. Shinn-Flat Lightning Rods are the only kind made in the form of a flat cable.

Sir Oliver Lodge, Steinmetz and other scientists state that lightning travels on the surface of conductors, and hence the flat cable will carry the greater current, because it has nearly twice as much conducting surface as other forms. Actual tests prove that Shinn-Flat has less self-induction, less resistance, less heat and greater capacity than round cables.

Lightning Can't Strike if Shinn Gets There First!

Shinn-Flat prevents lightning by permitting the electricity to leak GRADUALLY from the heavily charged ground and building into the atmosphere above.

PROF. W. H. DAY

Professor of Physics at the Ontario Agricultural College for many years, and Canada's recognized authority on Lightning Protection, is now Manager of the Shinn Mfg. Co., and assists in training Shinn Dealers, thus insuring correct installation.

OUR CEMETERY

The time has arrived when Flesherton cemetery must either be enlarged or a new plot purchased. The lots are practically all sold, only one or two remaining. The Advance would like to see the cemetery placed on a different basis, and made more modern. There is little that is attractive about it as it stands today, and there is really no reason why it should remain in the condition it is now in, but there is little hope for improvement until it is enlarged. Then a board of management could be appointed by the village council who would have full power to sell lots and adopt a set of rules whereby a fund could be set aside for maintenance. The village of Markdale has gone about this thing in the right way under the persistent promotion of Mr. C. W. Rutledge, who has given The Advance the benefit of his experience and advice. Markdale sells plots for $15 and also charges $15 for maintenance which may be paid in a lump sum or spread over a series of years with $5 added. The system appears to be very satisfactory and supplies enough funds to keep the "God's acre" in good condition. With the purchase of an extra plot of ground the time would be opportune for a change in the system of management here, one that would produce something not altogether an eyesore to those whose unforgotten dead lie there. There is little or no incentive at the present time for attempting to beautify or keep in order one plot, where the next plot hard by is left to produce rank grass and weeds.

Last week two pairs of wild geese arrived at Pheasant Island for propagation purposes. Pheasants, wild geese, squirrels of various kinds, red deer, moose, bear and Nipigon trout is the list so far, not counting the native groundhogs. The addition of wild geese lends a sort of sinister meaning to the venture, and suggests a new name for the zoo. It will probably be known as wild goose park.

Previous to the last Ontario election U.F.O. candidates were decidedly in favor of abolishing our million dollar government house and selecting something more democratic for the gentleman with gold lace and cocked hat to dwell in. We do not hear much about it now. What's the hitch.

The state of Queensland in Australia shows us the way. It has abolished its Legislative Council, which corresponds in a small way to our Dominion Senate.

People can dream great dreams, but it is the carrying out of these dreams that counts.

ONTARIO

Notice To Contractors

Separate sealed tenders marked "Tenders for Contract No. 687" will be received by the undersigned until 12 o'clock noon on Friday, June 2nd, 1922, for the construction of concrete culverts on the provincial highway, in the township of Amaranth and Melancthon.

Plans, specifications, informations to bidders, tender forms and tender envelopes may be obtained on and after Friday, May 12th, 1922, at the office of the undersigned, or from C. E. Bush Resident Engineer, Orangeville.

A marked cheque for $500 00 payable to the Minister of Public Works and Highways, Ontario, or a Guaranty Company's bid bond for a similar amount must be attached to the tender. A Guaranty Company's Contract Bond for 50 per cent. of the amount of the tender will be furnished by contractor when contract is signed. All bonds must be made out on Departmental forms.

The lowest or any tender not necessarily accepted.

—W. A. McLean,
Deputy Minister of Highways.

William Rennick of Lot 25, 1st line west, Mono, appeared before Police Magistrate Falconer in Shelburne on Thursday afternoon of last week on a charge of assault preferred by his wife, Emily Rennick. Before the case came to trial, however, a settlement was arranged by the parties, the defendant paying the plaintiff $2 300, which includes settlement in full as well of an impending alimony action. A A. Hughson of Orangeville appeared for plaintiff while C. R. McKeown acted for defendant.—Free Press

Notice of Dissolution

Notice is hereby given that the partnership heretofore existing between R. Hannah and Thos. Dever, as general merchants carrying on business as Hannah & Dever, has been dissolved. All accounts not settled by May 15th will be placed in other hands for collection. Accounts may be paid to either party.

ROBT. HANNAH,
THOS. DEVER.

Portlaw, April 24, 1922.

FIRST IN ITS CLASS

The man who holds a high position in public esteem usually has earned it. So it is with automobiles.

You know the popularity of the Chevrolet car in this district and you know there must be a reason for it.

In fact there are many reasons. Here are some of them:

The Chevrolet is a car of high quality, remarkable performance, easy operation and control, excellent riding qualities and fine appearance. It is an economical car, too, in operation and upkeep.

If you would like to have a ride in the Chevrolet car we have been telling you about now and then, we would be glad to drive out to your place almost any day or evening and take you and your family for a little spin.

Our motto:—"Square Treatment." Ask any Chevrolet owner what he thinks of our treatment and service.
