A Message of Importance

to Cream Producers

Since Ceram is an exceptionally good price, it is worth-while to maintain the maximum production of your dairy herd. Nothing will cut produrtion more sharply than the producing cows being left out during the unexpected cold nights. It is, therefore, advisable to stable the milch cows at night from now on.

Poultry

We are in the market for large quantities of poultry. We buy them alive or dressed, or do custom killing.

CEYLON

Thanksgiving and Harvest Home service was observed in Ceylon United church last Sunday evening with Rev. Gandier as the speaker for the evening. The Young People and their assistants deserve great praise for the decorating of the church with fruit, vegetables and house plants. They also took the parts of the choir with Miss Helen Balantyne as orgist. We are glad to note several visitors present. The Thanksgiving Day services brings memories and also makes us realize that although we have many disappointments we also have much to be thankful for.

"Teacher, remember that problem you gave us for home work—the one that asks, "If one man can build a house in 12 days, and 12 men can build it in a day, how many men can build it in an hour?"

"Yes Johnny."

"Well, my dad says it's not a sound guestion; he says the unions would never allow it."

Always kicking about something or other is just kicking yourself about.

A judge had given his decision in a case, and coucil for plaintiff rose and questioned it.

"I cannot allow you to reopen this after I've given my decision," said his honour.

"Then, Judge, I may as well sit down," returned the lawyer. "It's no use knocking my head against a stone wall."

Returned the judge, "I know no other who could perform he operation with less personal injury then yourself."

A STATEMENT OF POLICY

by the

GENERAL MOTORS DEALER

handling

CHEVROLET • OLDSMOBILE
CHEVROLET TRUCKS

Shortly after the war concluded, and because it was of timely importance, we—your General Motors dealer—issued a statement outlining our business policy.

In the interests of our customers and the community as a whole, we have decided that this policy should now be reaffirmed.

It will be our continuing purpose, therefore, in all our dealings with you to adhere to the following principles:

★ We will abide firmly by delivered prices on all New Cars and Trucks, as recommended by the manufacturer.

★ We will do our best, having the responsibility of being the sole distributor in this area of new General Motors Passenger Cars and Trucks, to allocate them as fairly as possible with proper regard for orders placed with us and dependent upon the availability of models.

★ We will ask only reasonable prices for all Used Cars and Trucks — based on an equitable resale valuation.

★ We will make allowances based on proper appraisal and a fair valuation to purchasers who have cars or trucks to trade.

★ We will give purchasers the benefit of those accessories which are available, but delivery of a new car or truck will not be conditional upon the acceptance of accessories other than those desired.

★ We will charge only the established prices for parts and accessories, and not more than equitable prices for all types of services. When requested we will gladly provide the customer with advance estimates.

★ We will, at all times, strive to be considerate of our customers' needs — and to serve with efficiency, satisfaction and courtesy.
