Shinn-Flat

Lightning Rods
Prevent Lightning Losses

WHEN your buildings are protected with Shinn-Flat Lightning Rods, you may be absolutely sure that they're safe from lightning damage. Shinn-Flat Lightning Rods are the only kind made in the form of a flat cable.

Sir Oliver Lodge, Steinmetz and other scientists state that lightning travels on the surface of conductors, and hence the flat cable will carry the greater current, because it has nearly twice as much conducting surface as other forms. Actual tests prove that Shinn-Flat has less self-induction, less resistance, less heat and greater capacity than round cables.

Lightning Can't Strike if Shinn Gets There First!

Shinn-Flat prevents lightning by permitting the electricity to leak GRADUALLY from the heavily charged ground and building into the atmosphere above.

PROF. W. H. DAY

Professor of Physics at the Ontario Agricultural College for many years, and Canada's recognized authority on Lightning Protection, is now Manager of the Shinn Mfg. Co., and assists in training Shinn Dealers, thus insuring correct installation.

W. H. THURSTON EDITOR

OUR MEMORIAL PARK TO BE OPENED IN JUNE

The ladies of the W. I., who have been largely instrumental in carrying the matter of a Memorial Park for the village to a successful conclusion, have decided to hold the official opening during the week beginning June 19, probably the 20th or 21st. At that date the County Council meets in Owen Sound and it is on the program that that body will come down to inspect the valley road with a view to forming their own conclusions as to its value as a county highway, and these gentlemen will have to be entertained while here. The idea is to have a couple of members of the Ontario Legislature also present to assist at the opening ceremonies in the afternoon of the day chosen.

The Park is not yet fully completed but will be in pretty good shape by that time. It contains four or five acres, nicely wooded and cleared out. A pavilion and cook house will be erected and the park will be thrown open to auto tourists at all times for their use. The property has been fenced and a handsome iron gateway erected.

Walkerton's Big Fish

What is probably the biggest fish ever taken from the Saugeen river was caught by Whitney VanHorne near the East End bridge on Friday noon when a large maskilonge that measured 3 feet 7 inches in length and tipped the scales at 18 ½ pounds was successfully landed from the stream. The big fin had been hovering around the bridge for some days and several attempts to jag him had been made by local Isaac Waltons without avail until Thursday noon, when VanHorne sighted it lying lazily on the river bed, and dropping down a line with a jagging hook from the bridge, so manoeuvered that he got right under the gills of the monster, and a quick jerk sent the prongs into a tender spot. On being hooked the fish demonstrated that it was no slacker and put up a fight that so entangled the line about its body and gills that all hopes of its getting away faded, and after a spirited struggle it was triumphantly brought ashore. The oldest inhabitant can't recall a bigger fin being hauled from the Saugeen, and on being exhibited on Friday in Krueger and Lettner's butcher shop it was the centre of much interest and attraction to the local followers of the rod. A 12 pound pike was also pulled out of the river from the West End bridge by Jim Heffernan on Monday, showing that the big fellows are flowing this way.—Bruce Herald and Times.

Two Suicides

The Mt. Forest Confederate says: The body of Richard Ellis was on Saturday found floating in a stream to the rear of a farm owned by Mr Alex Aitken. His fur overcoat was hanging on a stump, and he had removed his shoes and stockings. In the overcoat pocket was a cheque for $1799.38 that he had received in Mount Forest on April 1st, when he was in town on business. The cheque was the amount collected on a note given for a loan. He was not seen after April 1st, so that the rash act was committed about that time. It was done no doubt in a fit of abberation of mind, though his business affairs had been arranged satisfactorily and he had no cause for despondency. Deceased was about 53 years of age and unmarried.

On Monday morning Robt. McMeekin a farmer near Varney, put a quick end to his life by shooting himself. He is said to have been despondent for some time and in ill health. He leaves a widow and grown up family.

Four nurses graduated from Owen Sound hospital—Winnifred Kirkwood, Murphys; Lulu Dudgeon, Tara; Edna Johnson, Parry Sound; and Cora Thompson, Owen Sound.

Tara has a citizen who is fast becoming noted as the "cattle king" of this district We refer to Mr. John Rudolph whose business operations are not only local, but extend throughout western Ontario. Last week he was in Waterloo township and purchased 317 head of cattle. The average price paid was about 8 cents per pound and the cattle are to be delivered the end of June—Tara Leader.
