—Mrs. R P. Legate, Ceylon.

Baseball

The Flesherton ball team went to Dundalk on the 24th and played an exhibition game with the Dundalk nine and were trimmed 7-6. It was a good game, although the first this year. Of course mistakes were made, but these will be corrected with more practice. The local is expected to be better than last year and we hope that it will be seen at the top of the heap all summer. Mr. Vance, one of the League umpires, gave good satisfaction, while Geo. McTavish worked on the bases.

Vandeleur trimmed Ceylon 14-4 in Markdale on Wednesday and Markdale won from Walters Falls.

Some good ball is expected in the League this year and the game here on the 3rd of June will be first class. Both teams are out to win the first League game, so be there and see the fun. A big crowd is expected.

The opening of the League this year takes place on June 1st, when Ceylon plays in Markdale.

Found Not Guilty.

Dan McMillan and wife, charged with the murder of Jamieson Johnson, a former husband of the woman, were tried at Owen Sound this week A verdict of "Not guilty" was returned.

W. H. THURSTON EDITOR

WILL BE DIFFICULT TO GET A SECONDER

The Durham Review man is a convert to the wisdom of developments at Pheasant Island and has been struck by the beauty of the birds and the grand possibilities of raising partridge, California quail, Bob White quail, wild geese and other birds, In our boyhood days an occasional flock of quail was found here, but they "froze out." And the pheasant is a much more delicate bird. The Review man saw 70 common hens sitting in a row on Pheasant eggs, the birds from which are to be liberated for the public good. We notice that there are beavers there, secured from Algonquin Park. We hope the government will resist the temptation of liberating any beaver in this district. It is only a few years since these animals became such a pest here to farmers that the government was appealed to for relief from their depredations. Acres of land were overflowed and rendered unfit for tillage. And the Review congratulates Mr. Leeson, whose "persistence" was successful in securing the wonderful developments here!

We are acquainted with an old gentleman who lives within the confines of the reserve, and whose only recreation and pleasure was fishing. This is now denied him. We know a number of women whose chief pleasure in life was secured with rod and reel. This is now denied them also, as fishing clubs have all the waters about leased for their own private use. These will scarcely second the motion of congratulation when next election comes around.

NOT MUCH SATISFACTION

The Hydro meeting held in Durham last week will doubtless tend to the advantage of users of electricity throughout the county. The formation of a county commission to keep in touch with hydro matters will certainly operate like a brake on the continual advance in costs from headquarters. When the engineers gave out their estimates they did not take into consideration the benevolent attitude of their superiors in the matter of boosting salaries, which have gone up amazingly, from the glorified head downward, and give no evidence that the apex has yet been reached. It is time the brake was applied, and the county commission is there for that purpose.

The engineers (not the head engineers, none of whom were present) gave a large number of facts and figures, but did not succeed in allaying the idea that economy of management in this public utility is unknown. Under estimation and over callousness to the interest of users is what is playing hob with Hydro and making its patrons sore.

Lady Astor, Miss McPhail

Lady Astor, the first British woman M. P. was in Toronto last week and addressed a meeting of women, at which our first woman M. P. was present and seconded a vote of thanks. In seconding the vote of thanks to Britain's M. P. Miss McPhail said that she had looked forward to this day and had read everything that she could find about Lady Astor. "I knew I would like her, and when some of the papers said some mean things about her, I knew for certain that she was right. She is honest and she said just what she thought. That is such a treat from a person who has sat in Parliament. I have sometimes been lonely and wanted another woman with me"

"Hear hear. I have too!" came from Lady Astor, who watched and listened keenly to every word of our Canadian woman M. P. It was plainly certain that Lady Astor admired her sister in the House of Commons, and at the end of the ceremony of flowers presentation, when Lady Astor stood to thank her audience, she said, "Rejoice that you have got Miss McPhail into the House."

Duck Eggs for Sale—75c per eleven—N. Archibald, R R 3, Proton.

Canada's most Popular Car The Chevrolet 490

PUBLIC favor changes when reasons for a change are obvious. Public opinion as to the most popular car of the future is changing.

Users of low-priced motor transportation are demanding completely equipped automobiles, modern in every respect, with nothing left to buy but the license plate. The new Superior Chevrolet is fully equipped, including modern 3 speed forward and reverse, sliding gear transmission, standard service and hand brakes, electric starter, demountable rims, water and oil pumps and speedometer. In addition to completeness, buyers insist on real econmy in four important essentials. They demand low initial cost; low gasoline consumption; low repair costs; and long tire life. The new Chevrolet excells in these particulars. Twenty-five to thirty miles on a gallon of gasoline is not uncommon. It excells in oil economy as well. Repair costs are low, because every Chevrolet part is built to give long life under hard conditions.

You owe it to yourself to examine the new Chevrolet, the car which is establishing a new standard and has become Canada's most popular car.

Ask us about our deferred payment plan.
