F. H. W. Hickling
General Merchant **FLESHERTON, Ont.**

We are sorry to report Mrs. Jas. Pedlar and Mrs. Earl Talbot suffering from severe colds. Mrs. Pedlar has been under the doctor's care.

Mr. and Mrs. Ed. Cooke of Shelburne spent a day with Mrs. Cooke's sister, Mrs. Laurie Pedlar. Mrs. Pedlar and Mrs. Allison accompanied them to visit Mrs. Jas. Stewart at Flesherton and Mrs. Ken Wright at Berkeley.

Mr. and Mrs. Luther Love and Jean spent a day with the former's sister, Mrs. Robt. Hannah, at Berkeely.

Mr. John McKee, accompanied by Mr. Oscar McKee of Hamilton, leave this Monday morning for Boakview with the High Falls Hunt Club.

Mr. and Mrs. Laurie Pedlar were recent visitors with Mr. and Mrs. Jack Hargrave of Wareham.

Stanley Taylor of Ravenna spent the week end at his home here.

BUCKINGHAM

Mr. Allan Tupling of Toronto spent a couple of days last week at his parental home here.

Mr. and Mrs. Udell Snr. of Maxwell were at the home of Mr. and Mrs. Harry Udell, while the latter were away for the week end.

Mr. and Mrs. Harold Hough and children of Collingwood visited a week ago with his brother, Lloyd, and family here.

Mrs. Mac. McLean of Rob Roy invited the members of the Ladies' Aid to her home recently to take advantage of a lecture and demonstration conducted by two members of the staff of the Singer sewing centre in Collingwood.

Gelford Mullin and friend of Wiarton spent Sunday at the former's home here.

Mr. Jack Banks accompanied Mr and Mrs. Udell home, when they visited the latter's sister and family, Mr. and Mrs. Bill Banks, Brantford.

Miss Doris Smith of Barrie visited her mother, brothers and sister over the week end.

An Ohio man, putting on a dress shirt, swallowed a collar button. At least he knew where it was.

REGULATIONS
applying to certain uses of
ELECTRICITY IN ONTARIO

WHEREAS the requirements of war production and the scarcity of materials since have restricted the construction of electric power developments;

AND WHEREAS the consumption of electric power has continued to increase at such an accelerated rate since the termination of the war that consumption demand of consumers now serviced, without taking into account pending applications for power, has increased by 25 per centum over the 1945 consumption demand and if the Commission were to carry the reserve of 15 per centum considered provident prior to the war and absorbed in meeting wartime demands, the increase in power requirements would in fact be 40 per centum;

AND WHEREAS the demand upon the Commission for electric power is substantially in excess of its electric power resources, and the Commission is of the opinion that a state of emergency exists and has so declared;

NOW THEREFORE the Commission makes the following regulations:

REGULATIONS MADE BY THE COMMISSION UNDER THE POWER COMMISSION ACT

1. No municipality or municipal commission receiving electrical power from the Commission shall without the written authority of the Commission supply or use or permit to be supplied or used by any person the electrical power or any part thereof for the following purposes:—

(a) lighting of interior or exterior signs;

(b) interior or exterior lighting of show windows;

(c) interior or exterior outline or ornamental lighting;

(d) interior or exterior lighting for decorative or advertising purposes;

(e) out-door and flood-lighting for whiteways and for parking lots, used-car lots, service stations and out-door industrial premises above a minimum permissible only between sunset and sunrise, as follows:—

(i) parking lots and used-car lots, 2 watts per 100 square feet of space only while open for business;

(ii) service stations, 100 watts per gasoline pump standard, exclusive of lights in pumps, and only while the service station is open for business; and

(iii) out-door industrial premises, amount necessary for working areas only;

(f) the operation of air heaters, electric grates or electric boilers used for heating purposes in stores or offices;

(g) street-lighting between sunrise and sunset;

(h) lighting of marquees or sidewalk canopies except 2 watts per square foot of floor-space or sidewalk area covered by the marquee or canopy between sunset and sunrise;

(i) lighting of entrances or exits in excess of 5 watts per foot of width of the entrance or exit; and

(j) lighting of interiors of business premises after cessation of business with the public except the amount necessary to enable staff to work.

2. These regulations do not apply to,—

(a) (i) flood-lighting of airports;

(ii) lighting for police and fire services and protection;

(iii) lighting required by law; and

(iv) lighting of direction signs and signs designating the office of a medical practitioner; and

(b) the use of electricity for interior domestic purposes and in hospitals.

3. No person shall, unless under the written authority of the Commission, take from any municipality or municipal commission any electrical power received from the Commission and use it for the purposes specified in regulation 1.

4. No person shall, unless under the written authority of the Commission, take any electrical power generated or procured by the Commission and use it for the purposes specified in regulation 1.

5. These regulations shall come into force at One o'clock a.m. of the 10th of November, 1947.
