PURCHASED PUREBRED

During the past week Mr. P. J. Haley of Durham purchased a registered Shorthorn bull from R. J. Doyle, Owen Sound. This is an especially well bred "Claret" whose sires and dam are imported stock. Mr. Haley is to be congratulated on his foresight in selecting such breeding. He deserves the support of his neighbors, as this is the first pure bred registered animal brought into the neighborhood.

SHEEP DIPPING TANKS

During the past week we have installed two permanent cement community dipping tanks. This is making it possible for the farmers in these two districts—Yeoville and Markdale—to dip their own sheep at least once every year. The tanks are installed by the farmers, who pay for the cement and draw the gravel. It requires two yards of gravel and five sacks of cement. The Department of Agriculture supplies the forms. We hope for quite a number to be installed this summer.

WOOL

A large number of applications for wool sacks have been received. It would seem that there will be a large increase in the amount of wool shipped from Grey county this year. Wool has advanced over twenty per cent. in the past month, with strong markets.

Garden Requisites

Now is the time to purchase your Rakes, Hoes, Spades, shovels, Watering Cans or handles for any of the farm tools. We have a well assorted stock. Let us supply you.

Met At Eugenia On Hydro Affairs

The executive of the newly formed Eugenia Hydro Electric Association held a meeting at Eugenia on Monday and conferred with the engineers at the Eugenia plant and will probably make some recommendations.

It is said that the Ontario Government will be asked to make some amendments to the Hydro Act whereby associations formed such as by the Eugenia power municipalities, will be given certain authority to supervise expenditure on power plants, extensions, etc. This would prevent extensive alterations being made until business would warrant the expenditure. The Eugenia plant had its capital expenditure doubled since 1918, and the municipalities who have to bear that cost, were not consulted or even advised of this before the work was authorized. The new executive is taking an aggressive interest in the problems that confront users of power from Eugenia. The organization formed at Durham two weeks ago promises to be the fore-runner of other such associations in the province, which, combined, would exert a powerful influence.

Tarred And Feathered

Orangeville, Ont., May 26—A little over a week ago a corner's jury investigation the death of the late Archie Nesbitt, said that in their opinion, he was led to take poison by the action of another man, being too intimate with his family. Popular opinion said that Sidney Irwin was the man, and for a week there had been talk of punishing him. Last night a cosmopolitan mob surrounded Mrs. Nesbitt's house, where Irwin has been staying and demanded that he be given up. The mob was held off for over two hours by an empty shotgun in the hands of Mrs. Nesbit, but finally they entered the house and found Irwin in the attic.

He was taken out of the house, stripped off his clothing and a quantity of tar was applied. This was followed by a generous coat of feathers. Then he was paraded up and down the principal streets of the town, looking like a snowman. Finally, Irwin was told that he was to get out of town inside of a week. If he does not get out the dose will be repeated, 'tis said.

FURNACES

We are agents Clare Bros. Pipeless Furnaces, which we instal on order.

Repairing of all kinds promptly attended to.

Pipefitting including pump work.
