The Ladies' Aid December meeting was held at the home of Mrs. M. Hogarth on Wednesday, Jan. 7, when about 20 members and visitors were present. The program was election of officers and exchange of gifts. Mrs. Geo. Jaynes is treasurer and Mrs. John McWilliam secretary. Mrs. M. Hogarth will be president for the January meeting. The Aid had a very successful year and we wish them good luck in 1948. A lovely lunch was served by the hostess and her assistants.

Mr. and Mr. Geo. Jaynes entertained their friends to a pleasant euchre on Friday evening in the school. Mrs. Joe Sauble won the high score for ladies and Keith Goessell the high score for the men.

New Missionary: "Can you tell me what became of my predecessor?"

Cannibal Chief: "He made a trip into the interior."

The pretty young lady took the pen from its holder on the hotel's desk. But before she could use it, the young clerk shook his head sadly and said "I'm sorry."

"Don't I register with you? she asked.

"Lady, you sure do," he replied with a gaze of admiration, "but it doesn't matter how I feel. There's still no room."

Germicila ultra-violet-ray lamps are being used by two Sydney firms to reduce the number of colds and other illnesses among their employees. One firm is using a U.S. lamp and the other a British ultra-violet-ray diguser. A Sydney department store proposes to install twenty of the British units very shortly. Rays are directed towards the ceiling or just above the heads of employees. It is claimed that the rays will kill all types of bacteria.

Answering Your Questions ABOUT IMPORT CONTROL

MOST of the countries which are Canada's regular customers have not recovered sufficiently from the war to pay, in the normal way, for all the goods they need, despite extensive help from this and other countries. Nor are they able to send us enough of their goods to balance accounts—or to pay us in the kind of money which we, in Canada, can use to buy goods in other countries.

At the same time, Canada has been buying more goods than ever before from the United States and other countries demanding U.S. dollars. This is because these goods were not obtainable elsewhere and because of demand pent-up during the war.

Buying from the United States or U.S. dollar areas must, therefore, be temporarily reduced until our trading again becomes normal.

To meet this emergency, purchase of goods and services or expenditures for travel, which must be paid for with U.S. dollars, are now subject to control.

IF YOU ARE AN IMPORTER OF CONSUMER GOODS and wish to find out what goods are (1) prohibited, (2) subject to quota, or (3) unaffected by controls, see or write your nearest Collector of Customs and Excise.

IF YOU WISH TO IMPORT GOODS SUBJECT TO QUOTA and wish to establish your quota authorization to import, or need special information, consult your nearest Collector of Customs and Excise. Quota application forms (E.C. 1) and instructions for completing them, are available at all Customs Offices. These applications must be filed with the Collector of Customs and Excise.

IF YOU WISH INFORMATION ON THE AMOUNT OF YOUR QUOTA. After your application has been filed with your Collector of Customs and Excise, all correspondence about the establishment of quotas or cases of exceptional hardship through import prohibitions should be directed to Emergency Import Control Division, Department of Finance, 490 Sussex Street, Ottawa. Quotas are issued on a quarterly basis and any unused portion may be carried over into the following quarter.

IF YOU ARE AN IMPORTER OF PRODUCTION PARTS, STRUCTURAL STEEL, stone, machinery or other capital goods or automobiles, and wish to know the import restrictions in these classifications, write or see Emergency Import Control Division (Capital Goods), Department of Reconstruction and Supply, 385 Wellington Street, Ottawa.

IF YOU INTEND TO TRAVEL OUTSIDE CANADA and wish to know about foreign exchange available for this purpose, consult any bank or the Foreign Exchange Control Board at Ottawa, Montreal, Toronto, Windsor, Vancouver. If you wish information about personal purchases of goods made during travel outside Canada, consult the nearest Collector of Customs and Excise before departure.

IF YOU ARE A MANUFACTURER, WHOLESALER OR RETAILER and wish information about excise taxes, or about the list of goods to which they apply, consult the nearest Collector of Customs and Excise.

IF YOU NEED OTHER SOURCES OF IMPORTS consult the Foreign Trade Service, Department of Trade and Commerce (Import Division), Ottawa, regarding your supply problems arising from import quota restrictions. Through the Trade Commissioner Service, the Import Division is endeavouring to arrange increased supplies from the United Kingdom and other "non-scheduled" countries.

IF YOU ARE A HOUSEWIFE and wish information on available alternate foods which have comparable nutritional values to those now prohibited or subject to quota, informational material which has been prepared by the Nutrition Division of the Department of National Health and Welfare may be secured from your Provincial Health Department or local health unit.

The administration of these emergency import controls is the responsibility of various departments of the Government. The above information is given to aid Canadian citizens in complying with the new import control regulations with a minimum of inconvenience in their business and personal affairs.

CREAM

Our production of butter has been increasing from year to year, and in comparing the months of October, November of 1946, with the corresponding months of 1947, which are low production months, we find an increase in cream volume even in those months. We find that the answer to the increase in production is: always paying top market prices for your cream, and giving the very best creamery service to the farmer.

A further service we can render to the patrons who reside on the unplowed sideroads: you can telephone us and our truck will meet you on the highway, to have your cream picked up.

EGGS

The new export price on eggs becomes effective on February 1st, 1948, and we understand it will be higher than last year's export price.

POULTRY

We are year-around buyers of Fowl and Chickens, dressed or alive. You are always assured of top market prices for your Poultry.
