MRS. R. H. HENDERSON
FEVERSHAM, - ONT.

BUSINESSCARDS

Societies

PRINCE ARTHUR LODGE, No. 333, A.F.& A M. meets in the Masonic hall, Armstrong's Block Flesherton, every Friday on or before the full moon. C. J. Bellamy W. M.; R. G. Holland, Secretary.

Dentistry

Dr. B. C MURRAY L. D. S., dental surgeon honor graduate of Toronto University and Royal College of Dental Surgeons of Ontario. Gas administered for teeth eXtraction office at residence, Toronto Street, Flesherton.

Legal

LUCAS, & HENRY—Barristers, Solicitors, etc.—I. B. Lucas, K. C.; W. D. Henry, B. A. Offices, Markdale Lucas Block, Phone 24. Branch offices at Dundalk and Durham.

WRIGHT, & TELFORD, Barrister, Solicitors, &c. Offices, Grey & Bruce Block, Owen Sound. Standard Bank of Flesherton (Saturdays). W. H. Wright, W. P. Telford Jr.

Business Cards

WM. KAITTING, licensed Auctioneer for the counties of Grey and Simcoe. Farm and Stock sales a specialty. Terms moderate. satisfaction guaranteed. Arrangements for dates may be made at the Advance office, or Central telephone office Feversham or by addressing me at Feversham, Ont.

D. McPHAIL, Licensed Auctionee for the County of Grey. Terms moderate and satisfaction guaranteed. The arrangements and dates of sales can be made at THE ADVANCE office. Residence and P.O., Ceylon, Telephone connection.

DR. A. TURNBULL, B.A., M.B., graduate from the Faculty of Medicine, University of Toronto. Office—Richardson Block, Flesherton, Telephone 35.

H. A. McKEE

Chiropracter Specialist

At Park Hotel, Flesherton, Monday, Wednesday and Friday, 4 to 8 p.m.

Feversham Tuesday, Thursday and Saturdays 7 to 9 p.m. Consultation free

ELECTRICITY ON THE FARM

A study of the actual distribution of Hydro-Electric energy in the rural districts of Ontario already served has been made by engineers of the Provincial Commission. It shows that the annual estimated cost to the farmers ranges between $77.36 and $307.84 on a 60 cycle circuit and between $82.42 and $326.66 on a 25 cycle circuit. The consumption varies from 40 to 300 kilowatt hours per month, according to the amount of power equipment installed in house and barn.

Light Farm Service includes the lighting of farm buildings, power for miscellaneous small equipment, power for single-phase motors not to exceed 3-horse power demand and electric range. The range and the motor must not be used at the same time. This is the service consuming 40 k.w.h. per month and costing $77.36 per annum. This cost, of course, includes the carrying charges and operating expenses of the rural service line.

Medium single-phase farm service permits a five-horse-power demand, and a monthly consumption of 70 kilowatt-hours. The estimated annual cost is $97.80.

Heavy farm-service permits the range and the power equipment to be operated simultaneously. The consumption is 150 kilowatt-hours, and the estimated cost $190.31.

The higher costs mentioned above are for Special power installations from 10 to 20 horse-power demand and with double the consumption of Heavy Farm Service.

Very roughly, the kilowatt-hour rate averages from 10 to 15 c, including the necessarily heavy service-charge. Considering the many advantages in labor-saving and in living-comfort by the installation of Hydro-Electric standard service on the farm, the rates are uncommonly attractive. That they are appealing to the common sense of rural Ontario is shown by the fact that 3,500 rural contracts were made with the Provincial Commission from June, 1921, until the Spring of this year. The work of canvassing in districts adjacent to main transforming stations is proceeding and there is reason to anticipate a very marked increase in the use of "rural power" within the next few years.

Specials for This Week

"Our Own" Blend Teas at Old Price

These Teas have met with a steadily increasing sale for four years. We handle only bulk teas and insist on buying the best we can get. Teas have advanced, but we shall sell until July 10th our Regular Blends in Blacks and Greens at the old price, **65c. per lb.** After that date the price will be 75c. per lb., and our Teas are worth it. Lay in a stock now.

Cups, Cups and Saucers

Plain white cups only - **$1.50 doz.**
Cloverleaf cups only - **$1.70** "
" cups and saucers - **$2.75** "

Berger's Pure Paris Green

The only reliable Paris green in 1 lb. packages and ½ lb. packages at 28 cts. each.

Fresh Fruits for Canning

Leave your order with us for your Fruit for Canning. Strawberries, Cherries, etc., will be supplied at very lowest prices. We only handle fruit to order.

Ceylon 9, Dundalk 7

Games this week

Thursday—Markdale at Dundalk
Friday—Flesherton at Ceylon

Markdale 12, Flesherton 10

Flsherton's third game in the League ended in a way that was unexpected when Markdale slipped away with their first win of the season by the score of 12--10 on their home grounds. By all accounts Flesherton tribe should have come through the winners but a lucky hit down the right held foul line by Beaton with two men on bases and the loosing of the ball in the long grass, which is very prominent. resulted in the scoring of the two runs and his own. This was in the 8th inning Markdale were able to get in five more runs before they were retired. The first seven innings were played and Flesherton were leading them 5—4. Flesherton was able to get in two runs in the eighth, and then the "Reds" brought in their eight runs and practically cinched the game. The Flesherton White Sox did their best to pull up in the 9th but were able to get in three making the score 12—10 in favor of Markdale. Alcox pitched great ball until the eighth and had first class backing. Parks relieved in the latter part of this inning and no more runs were scored. Flesherton is now tied with Markdale for last place.

Graves, Thurston. Armstrong, Parks, Dow Cargoe, McTavish, Howard, Alcox.

Markdale—Bowler, Beard, Dundas, H Mercer, Hill, Beaton, Heard, C Mercer, Tuck.

Score by innings;
Flesherton—1 0 2 0 0 2 0 2 3—10
Markdale —2 0 1 0 0 1 0 8 x—12

Umpires— S. Buchanan, Warling.

Ceylon 9, Dundalk 7

Ceylon kind of upset the dope on the leadership of the League this season when they defeated Dundalk at Ceylon on Thursday afternoon. It was the best game that has been played in this district this year and Ceylon are the confirmed leaders with two wins and no losses. "Fat" Muir, who generally receives, this time did the twirling for Ceylon and worked the Dundalk Shamrocks for a fair. The rest of the teams have still a chance for the cup now that Dundalk has been downed as they have been considered to be the ones to beat for the championship.

Dundalk—Claridge, J Blackwell, McGraw, McDonald, Armstrong, Montgomery, C Thompson, M Thompson, Carson.

Ceylon—E McLeod, M Muir, W Fargher, R Gibson, J McLeod, S McLeod, J McMullen, S Pedlar, H Pedlar.

Score by innings;
Dundalk—0 0 0 3 2 1 1 0 0—7
Ceylon —3 0 0 1 1 0 0 4 0—9

Flesherton travel to Ceylon this Friday afternoon and next week Ceylon come here.

We understand that Flesherton have protested the game with Markdale on two grounds. first not having League umpires, and second on the decision in the 8th inning when they claim Oliver's hit in foul territory in the outfield.

FURNACES

We are agents Clare Bros. Pipeless Furnaces, which we instal on order.

Repairing of all kinds promptly attended to.

Pipefitting including pump work.

CAMPERS

ONTARIO'S forest wealth is dwindling. Every year forest fires take disastrous toll. Careless campers cause eleven per cent. of Ontario's forest fires. Last summer 112 cases of neglected camp fires were reported. This summer be careful.

Save Ontario's Forests
They're Yours

DON'T

DON'T take chances with fire in Ontario's forests.

DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.

DON'T neglect to drown out your fire with lots of water.

DON'T build your camp fire against a rotten log or stump—nor on windy points; nor near moss patches; nor at the base of a tree.
Build it in a former fireplace, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.

DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

When you build your fire to make tea, fry bacon or add cheer to pipe and story-telling time, use a woodsman's precautions.

The real woodsman builds his fire on an old fireplace, if there be one handy. Failing that he scrapes away all litter, moss and fibrous rotted wood down to the mineral soil, or the bare rock, and preferably some place close to the water. He knows that if fire gets into the moss or the upper woody layer of forest soil, or in a half-rotted log or stump, it "holds over," burns away unnoticed underneath, and unless followed up and carefully put out, is liable to break into a flame later. He knows how hard it is to put such deep-smouldering fire out. So he makes his cooking fire surprisingly small and compact, and chooses a spot that is absolutely safe.

It is a mark of his finished woodsmanship how thoroughly he drowns his fire out with plenty of water when he is through with it. Save the forests. You may want to camp again.
